HEALTHIER COWS, MORE MILK—AT LESS COST!

Proper stock feeding is a matter that deserves the serious attention of every progressive farmer. The right feed results in healthier, happier stock—more milk production—increased earnings. A proper balanced ration is important. Experiments show that seven cows fed GROUND feed produce as much as ten cows fed whole grain.

GRINDING DEMONSTRATION

We will have public demonstrations of this combination grinder at our store, when we will grind hay, fodder, corn, etc. Don't forget the dates below and come in and see this mill in operation.

LOCAL MATTERS

Fire Destroys Buildings.—Fire on Monday destroyed the implement building on one of W. Irving Walker's farms near I.B., in Queen Annes County, together with farming implements, an automobile and auto truck. The fire originated in the automobile and is thought to have been incendiary.

Ground Hog Day.—Friday was the day that Mr. Ground Hog crawled from his winter home, blinked his eyes, looked and saw his shadow and immediately crawled back for 6 weeks more sleep. We hope that little animal is mistaken in its prophecy of six weeks more winter and that spring is realy near at hand.

Notice To All Pastors And Sunday School Superintendants In Kent Co.

On Friday, Feb. 23 there will be held at Emmanuel Church Chestertown an adult leaders institute for workers with young people. This institute is under the auspices of the young peoples division of Kent County S. S. Association of which H. G. Caldwell is Superintendant All young peoples leaders, make it your business to attend this institute. Col. Cudlipp will be there; watch for further details next week.

LOCAL ITEMS OF INTEREST

—Dr. Simmons, president of the Peoples Bank, gave a dinner to the directors and officials of the bank on Wednesday last.

—The Caroline County packers are contracting for peas. The pea crop has proven a profitable crop for some years in that country.

—The barges Florence and McNaughton, which were blown ashore near Turkey Point during a gale last week while en route to Baltimore, have been gotten back into the water.

—M. Sklut, who buys large quantities of furs during the season, says that he has already paid one man in Delaware $13,000 for muskrat hides and other furs.

—Congressman T. Allan Goldsborough was a visitor in Chestertown on Saturday. He conferred with a number of constituents regarding important legislation now before Congress.

—The Eastern Star Democrat says: About 125 colored men left Easton last night in special cars bound for Pittsburg, where they have been employed. An employment agent accompanied them.

—The receipts at the Chestertown postoffice are increasing. The gross receipts for the month of January will exceed those of the same period last year by more than $300, the bulk of the increase being in parcel post mail.

—On Wednesday the German Mark reached the low value of 50,000 for one Dollar, and today there are 2,000,000,000,000 Marks in circulation . It is reported that a Mark is not worth as much as a canceled American postage stamp.

—Miss Levinia Engle, the State League manager will be in Chestertown, Feb.6, at 2.30 at the Business Men's room. This will be an open meeting at which everybody is welcome. Should any one wish to become a member of this league, they can notify the secretary, Miss Ida V. Crow, of Chestertown.

—An exchange says: "A man was awarded $1,000 by a jury in Minneapolis against a telephone company for too many "line busy" and too many wrong numbers. If this man, who was on a private line, got 1000 bones the average business man would be entitled to at least 9,999 cartwheels. Did it ever occur to you that the operator told you "the line is busy" before you called the number

—Our worthy contemporary, the Queenstown News, is responsible for the following: One of the bright youngsters who had been refused some of the good eats by his sister's steady, got even with the chap by putting quinine in his sister's face powder, thinking he might note a difference in bidding her good night.

—The two-cent gasoline tax, to go into effect next January, is expected to relieve Maryland motorists of practically all costs for the privilege of operating their cars. Tags next year, it is said, will cost exactly the sum involved in making them, plus a slight charge for overhead, made neccessary by the persons in the employ of the Automobile Commissioner. It will be $2 or $3 at most, according to the authorities.

—Farmers find the cost of the production of milk in this section to have considerablly increased on account of the short growth of wheat which at this season of the year usually furnishes good pasture for the cows. Wheat has scarcely made any growth during the fall and winter and some of the fields are as bare apparently as the roads. As a consequence many of the farmers have been compelled to buy an extra supply of high priced dairy feeds.

—Rural carrier D. B. Kendall while delivering mail on his route during the heavy snowstorm on Monday was in collision with another car. While none of the occupants were hurt, both cars were badly damaged and Mr. Kendall was compelled to lay off one day for repairs to his car. Yesterday morning while delivering mail in Broad Neck section, Carrier Fred S. Russell's car became disabled and he was compelled to send to Chestertown for assistance. The roads in that section are in the worst condition they have been in for sometime and travel is not only difficult but hazardous.

Garage Changes Hands.—John E. Speicher has rented Mr. John H. Clendanials garage near the Penn. R. R. Station and moved there this week. Mr. Clendanial has accepted a fine position in Baltimore and will enter upon his new duties there as soon as he can get his business matters straightened up here. We are exceedingly sorry to lose Mr. Clendanial from Chestertown as he was one of our most active young business men. Mr. Speicher is a young man full of energy, and we believe he will add to the business interests of our town. He has the agency for three cars, the Star, Durant and Packard, and has engaged the services of Mr. George Baldwin who will act in the capacity of salesman, and will no doubt prove a success as George is regarded as a hustler.

DIRECTORS DISCUSS TOMATO SITUATION

The Board of Directors of the Kent County Produce Exchange, at a recent meeting, discussed the tomato situation at present and for the coming year. It is common knowledge and especially has it been realized by farmers and business men that farm produce has been selling too low. Appreciating the various condition, the Directors, after thorough discussion, decided that 30c per basket would be a fair price for farmers to receive for tomatoes this year.

One of the Directors submitted the following actual cost of production of one acre of tomatoes on his farm. The Board thought this schedule a conservative estimate.

Ladies' Guild of Emmanuel Church Chestertown Win In Spelling Match Over Men's Club

At a spelling match held in the Parish House of Emmanuel Church Thursday evening, the Ladies' Guild defeated the Men's Club in a spelling match by a score of 41 to 34. It may be interesting to note that the Men's Club was the challenger for this contest. Professor Mark Creacy was chosen to select the list of words and be the judge of the contest, as he was not a member of either organization. The first half hour was consumed in determining which organization should win by keeping score of the number of words mispelled on each side; the ladies winning by a score of 34 to 41.

The first word mispelled was Manila, spelled Manilla; the unfortunate one was reminded that it was spelled that way before Dewy knocked the "L" our of it. After this part of the contest was over, the two teams were lined up and spelled down as they missed a word; the ladies again won; Mrs. Earnest Strong being the winner, and was presented with a plate of cake as a prize. Mrs. James G. Beck was captain of the Ladie's Guild Team, and Mr. Wm. G. Smyth captained the Men's Club Team. After the match refreshments were served.

Migratory Bird Season Closed January 31.

January 31 was the last day of the hunting season for wild ducks and geese, coots, gallinules, and Wilson snipe, or jack snipe, in Maryland and more than a dozen other states. Possession of carcasses of migratory game birds in cold storage or otherwise after February 10th renders the owner subject to prosecution in Federal court. This warning was issued by the Biological Survey this week; according to the SUN Bureau at Washington. The announcement says:

"January 31 is the last day of the hunting season for wild ducks and geese, coots, gallinules and Wilson snipe, or jack snipe, in New Jersey, Delaware, that portion of New York known as Long Island, Maryland, the District of Columbia, Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee, Arkansas, Oklahoma, Louisana, Texasand Arizona."

Excursion To Crisfield

In order to give residents of Philadelphia and other points in Pennsylvania, New Jersey and Deleware an opportunity to view the Crisfield oyster industry, which is the largest in the world, the Pennsylvania Railroad will operate an excursion from Philadelphia and nearby points, to Crisfield on Sunday, Feb. 11th. Hundreds of visitors are expected to visit Crisfield at that time and to spend the day in the city and around the waterfront adjacent to the celebrated Chesapeake oyster beds.—Crisfield Times.

Oldest Apple Tree Orchard In The World

Stuart, Va., Jan. 27.—Patrick county has the largest apple tree in the world. It is 120 years old, with a record of 132 bushels of winesaps in a season. The big fellow is 60 feet high and 12 feet around, breast high. It spreads 70 feet, and is still hale and hearty.

The oldest apple orchard in the world is eight miles from Stuart. More than 100 years old, many of the winesap trees do better than 100 bu. to the season. The record is 175 bushels for one tree in one season, or 238 bushels for two consecutive seasons. Some of these appies are 13 inches in diameter, being the largest ever grown.
