CHESTERTOWN'S ONLY DEPARTMENT STORE

Owner and Operator

have equal reasons for wanting the new

Quiet Remington No. 12

It wins the operator because of its many features which make the day's work swifter and easier.

Prominent among these is the "Natural Touch", that triumph of Remington design, which makes the operation of the machine like second nature—as mechanical as walking and almost as unconscious as breathing itself.

It appeals to the owner because its work is surpassingly good—and consistently good under all circumstances.

In quality as well as quantity, it gives him the results he wants.

And because it is so quiet that its operation never disturbs him, no matter how near him it is used.

The new Remington No. 12 speaks only in a whisper, but will be heard around the world

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles .... and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.
