IS THE LIFE OF A LITTLE CHILD WORTH A CAN OF MILK

Every resident of this county will be given an opportunity to answer this during the week of June 4 to 10.

This week, June 4 to 10, has been set by the Near East Relief as Condenser Milk Week, and everybody is asked to give Borden's Condensed Milk for the starving children for whom the relief organization is caring.

The Near East Relief has set this date in response to the call for condensed milk sent by those in the field. 12,000 cases are needed in one area alone, that in the Caucasus. And this is only one of the sections under the relief organization.

The call is for condensed milk because it can be shipped easily and keeps well. It is food i na condensed form, easily handled and most nourishing. It is especially suited to little ones and it is for these, 200,000 of them, that it is asked. These are children who have no one to care forthem, who will literally starve to death unless Maryland does her share in helping by sending condensed milk. But besides these, there are 120,000 orphans in the orphanages under care of the Near East Relief who must be fed regularly. It is for these, children inside and outside of the orphanages, for whom milk is asked.

Maryland's quota is three carloads. Give a can, that will help. But don't stop at that, give half a dozen, a case. Order Borden's Condensed Milk through your grocer for the Near East Relief. Borden's matches, can for can.

Every can will help in getting the state's quota. Harold F. Pellegrin, state director, believes the response will be so generous that Maryland will give over its quota.

Remember—June 4 to 10 is Condensed Milk Week—everbody help by giving.
