ACCORDING to present indications prospects are bright for a good wheat crop. After several years in which hail storms and wet weather have caused heavy losses to our farmers, it is to be hoped that this year will be a good one for wheat. This crop is raised so extensively in this county that it is almost a business barometer here. With a good wheat crop business conditions are usually good while a failure of the wheat is felt in every line of business.

WITH the closing of Washington College on Monday for the summer vacation, activities at the college ceased until next fall.

This old institution adds much to the business and social life of the town and county and according to present indications, the College is on the road to greater things. We in Kent County are fortunate in having Washington College here and this fact is becoming to be recognized more and more every day. All affairs at the college are conducted in a manner creditable to the institution and to the Eastern Shore. Washington College with its history, its Alumni, distinguished in practically every line of activity in the State, is an institution worthy of its name and a distinct asset to Kent County and to Maryland.

MRS. HARRIS ON COMMITTEE

Governor Agrees With Suggestions In "The Farmer and His Wife" Series

Mrs. Evelyn Harris, of Betterton, Md., who is writing a series of articles for The Sun on "The Farmer and His Wife," was appointed by Governor Ritchie to the agricultural committee, of which E. P. Cohill, of Hancock, is chairman.

The committee was formed to study the agricultural situation in Maryland with the purpose of recommending legislation for the benefit of the farmer to the next session of the General Assembly.

In his letter to Mrs. Harris, notifying her of her appointment, Governor Ritchie said:

"I have read your first two articles in the Sun on the 'Farmer and His Wife.'

"In selecting the agricultural committee some time ago it was my aim to do exactly what you suggest, namely, appoint representative farmers and theirw ives. I am convinced, as you are, that the farmers themselves are better able to reach a solution of their difficulties than anyone else. Accordingly, I went directly to farm organizations themselves and appointed only those recommended to me by them as measuring up to this standard.

"A number of farm women are already on the committee, but in view of the study you have made of the question it gives me much pleasure to offer you a place on it. I trust you will be able to accept this appointment so that the committee may have the benefit of your experience.

"If you will, then I will at once advise Mr. Cohill, of Hancock, who is chairman of the committee, so that you may be placed promptly in touch with the work the committee is doing.

Governor To Visit Saunders Range

Gov. Ritchie, commander and chief of the Maryland National Guard, has accepted an invitation to be present on Governor's Day, which will be the last Friday that the First Regiment is in camp at its annual summer training maneuvers at Saunders Range, Md., which will begin on Saturday, July 28, and continue 15 days.

This period is looked forward to by a great deal of interest by the members of the Medical Corps, and already plans are being discussed by the men as to the athletic and entertainment features that will be provided during this encampment.

This summer training of the National Guard, authorized by Congress, is also a vacation for many members of the Medical Corps, and while interesting military exercises and maneuvers are a part of the daily instruction, still sufficient time is allowed for the men to enjoy themselves.

An interesting announcement has just been made by Adjutant General Milton A. Reckord to the effect that there has been constructed at Range a large swimming pool, ninty feet long and thirty-five wide, averaging from four to ten feet in depth, which will be a source of much pleasure to all the men of the Maryland National Guard.

Chaplain Reynolds, of the First Regiment, who was the Chaplain of the 115th Infantry, U. S. Army, during the World War, is arranging radio concerts and moving pictures, which, together with the Band Concerts by the First Regiment Band, will provide the entertainments for this camp.

Arrangements have also been completed for a demonstration by the Chemical War Service during the Camp, which will include the latest developments in this branch of army work.

The location of Saunders Range being convenient to Baltimore City, is also of much interest to the men attending this camp, as a fast trolley service enables them in the evenings and on holidays to visit the city and enjoy the many amusement parks that are located in and around Baltimore.

A number of new men have been secured by Major Hines during the last few weeks and he will take to camp this year one of the best companies that has ever represented his corps.

There are still some vacancies in the company to be filled and any eligible young men are asked to come to the armory on the next drill night or communicate with any of the officers of the local company.

Western Maryalnd College

The attention of our readers is directed to the advertisement of Western Maryland College appearing in this issue. This college has made a record for thoroughness and excellence not surpassed by any in the state. During the past year, it has received one of the best ratings for colleges by standardizing agencies, and it is now in every respect a Standard A-1 college. Its beautiful location in the highlands of Maryland, its fine equipment in buildings and grounds, its high-grade faculty, its modern courses of study, make it an attractive place to get an education.

A new dormitory, costing $150,000 was completed during the past year and a new athletic field, built at a cost of $50,000 and considered on of the best fields in the eastern part of the United States, was also dedicated during the year just closing. A building campaign for the construction of eight additional buildings during the next four years is now under way. The college plant has now a value of $1,500,000 and it is proposed to augment this by at least that much more.

The college offers eight courses leading to the degree of Bachelor of Arts. Courses may be elected which prepare for the schools of law, medicine, and engineering, and which admit to the best professional schools of the United States. A four year course in Home Economics leading to a degree is offered. In addition to the regular courses offered, there are supplementary courses in Music, Speech and Education. Completion of the last named course secures a certificate of the State Board of Education. A regular unit of the Reserve Officer's Training Corps is established at the college, the Government supplying the Professor of Military Science and Tactics and uniform and equipment.

The college opens Monday, Sept. 17. Students are advised t oregister in advance.

between the hours of 11.00 o'clock a. m. and 12.30 o'clock p. m.,

All That Tract of Land,
OR FARM

known as "The Prickly Pear," "The Gin Farm," or by whatsoever other name or names the same may be called or known, situated in the Second Election District of Kent County, Maryland, on the south side of the public road leading from Chestertown to Millington, adjoining the property of Fred Stevens and that of the late Alday Clements' heirs, and extending back to the Chester river, containing

301 ACRES

of land, more or less,

being all that land conveyed to the said Clifton L. Jarrell by deed from Mary A. Boggs and others dated the 5th day of September, 1918, and recorded amongst the Land Records of said Kent County in Liber A. P. A. No. 3, immediately preceeding the record of the above mentioned mortgage.

This is a valuable estate, conveniently located and yielding large crops annually, improved by a fine frame dwelling and ample outbuildings, all in good repair and readily affords a handsome investment either as a residence or to be rented out. The land is of unusual fine quality, as the yield of crops will testify. The neighborhood is one of the best in the county. The farm is under good fencing and so arranged that the stock may be turned in any field from the barnyard. Parties looking for a good home or investment should not lose the opportunity of visiting this property and seeing and examining same for themselves. It is an opportunity that does not present itself every day.

TERMS OF SALE—Two thousand dollars on day of sale, five thousand dollars upon the ratification of sale by the court and the balance at the expiration of six months after the day of sale. All deferred payments to bear interest from day of sale, or all cash at the option of the purchaser. All title papers, including revenue stamps, to be at the expense of the purchaser or purchasers. Wheat crops for 1923 reserved. The landlord share in all other crops goes with the farm and the purchaser to pay the taxes for 1923.

This farm is now tenanted by Chas. Rolph and tilled in wheat, corn and tomatoes.

The improvements consist of Dwelling, Granary and Stable in fair condition.

The land is susceptible of a high state of cultivation and easily tilled and the farm well located convenient to the activities of the wide awake town of Millington with its railroad facilities, churches, excellent schools and business centers, where a good market for the products of the farm may be found, or the needs of its occupants supplied.

Possession given January 1st, 1924, and the purchaser will be entitled to the usual landlord privileges of entry on the farm during the present year for the preparation of the soil for seeding crops, together with the landlord's interest in the growing corn crop. All taxes on the farm for 1923 will be paid by the Trustee.

TERMS OF SALE

DODGE BROTHERS
MOTOR CAR
QUICK ACTION BRAKES
EXTRA LARGE AND EXTRA SAFE

In the construction of Dodge Brothers Motor Car, every consideration has been given to the owner's safety.

This is particularly evident in the brakes, which, with their 14-inch drums and 2¼ inch lining, are appreciably larger than the average. The extra surface thus provided develops greater friction when the break bands contract over the drums—and it is this friction which stops the car."

Connecting levers are designed to transmit the maximum of power with the minimum of effort. The slightest pressure on the brake pedal has an immediate effect. This pressure is distributed evenly between the two rear wheels by a highly efficient equalizer, which prevents skidding because it retards both wheels simultaneously.

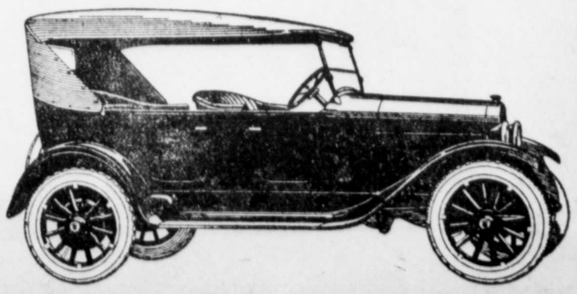

And the brake bands grip evenly all around the drums. This protects the lining against irregular wear and enables the driver to stop quickly, quietly and safely.

The price of the Touring Car is $880 f. o. b. Detroit—$960 delivered
