THIS NEWSPAPER TO GIVE AWAY $2,000 IN PRIZES

Studebaker Touring Car, Phonograph and Watches To Go In Big Subscription Campaign Now Open

HUNDREDS OF DOLLARS IN CASH COMMISSIONS

With this issue the Transcript announces the opening of a mamouth subscription campaign in which prizes aggregating nearly $2,000, besides hundreds of dollars in cash commissions are to be given in a salesmanship campaign lasting only a few weeks. The prize winners will get a 1923 model Studebaker light six touring car; Remington Phonograph; and many excellent gold watches and gold watch bracelets, all of which are to be given absolutely free on the closing date of the campaign which is set for August 8th.

In all, over $2,000 have been appropriated for the men and women who demonstrate the best salesmanship during the next few weeks in boosting the already large list of readers of the TRANSCRIPT.

No Red Tape

There will be no red tape connected with the drive; and all that is necessary for any one to win, is to get out among the residents of this section and get new and renewal subscriptions to the TRANSCRIPT. The candidate polling the largest number of votes during the campaign will be awarded the handsome Studebaker, while those running next in order will receive the other valuable prizes.

It is not necessary to be a resident of Chestertown or a subscriber of this paper in order to compete as this campaign is open alike to men and women, boys and girls of this entire section.

How To Enter

In order to become a participant in this mammouth drive one does not have to sign their life away. In fact all that is necessary is to fill out the nomination coupon in the full page announcement on page eight of this issue and bring, mail, or send it to the campaign manager at the TRANSCRIPT office and full information and supplies will be promptly issued. Those who send in the coupons first will be the first to receive receipt books and supplies and be the first to get started.

Those who had rather talk it over before mailing in their reports are invited to call the manager at Phone 2 and full details of the offer will be gladly explained.

Not A Money Making Scheme.

From the list of awards one can readily realize that this is not a catch penny, money making scheme on the part of The Transcript, but the management is using this unique method of enlarging the number of readers instead of the time worn, slow process of hiring solicitors, and at the same time offering the residents of this section the money that would have to be paid outside professional solicitors, in valuable commissions.

It is evident to most anyone that but very little difficulty should be experienced in securing new and renewal subscriptions to such a popular paper at one dollar and a half a year, so there is no reason why anyone with ambition and pep should hesitate about entering. The rules of the drive are so arranged that everyone entering and making an active race will be rewarded. Even those who fail to win one of the prizes will be paid. Twenty-five per cent of all subscriptions collected by any candidate failing to win a prize will be given all active non-prize winners who turn in five subscriptions per week. This means that one dollar out of every four will be paid you if you fail to win one of the prizes.

Was ever a fairer offer made? It means that you enter with absolute sureness of getting paid for your work and at the same time gives you a chance at a wonder $1095 automobile.

Early Entrants Have Best Chance

The candidates who enter first have the very best opportunity of winning one of the main prizes, as many prospective subscribers will give their subscriptions to the very first ones who ask them. If you wish to give all of your friends an opportunity of subscribing through you, then you should lose no time, but clip the coupon and either bring or send it to the campaign department today. Do not wait for someone else to send in your name, but clip the coupon yourself, and be among the very first to get started.

In this campaign where only a few weeks are allowed in which to secure votes it is evident that those who enter at the start will have a better opportunity than those who wait until the last minute to send in their nomination. This is especially true in this drive as the vote schedule is so arranged that more votes are allowed on the subscriptions taken during the opening period of the campaign.

For the first two weeks of the campaign 60,000 extra votes will be allowed on each $15.00 in subscriptions collected making each subscription turned in on or before July 21 average nearly four times as many votes as will be given at the close of the drive. As it is votes which decide the winners and not the number of subscriptions or the amount of money collected then it is readily seen just why it is so important that you clip the coupon today and mail it in.

Get Acquainted With The Manager

Even though you do not decide to enter this mamoth drive, still you owe it to yourself to at least get the details of this wondedful opportunity, and if you will call at the campaign department in THE TRANSCRIPT OFFICE the manager will be more than glad to meet you and explain all rules governing the drive. If you are not at liberty to come during the day, the office will be open late every evening for your convenience.

Obey that impulse and turn right now to the full page announcement and use the sissors, fill out the coupon for yourself, and be the very first to get started.
