IT is generally understood that Capt. Lum Ashley, of the Fifth District, will be a candidate for the Legislature in the Democratic primaries in September. He has stated to a number of his friends that he would be a candidate.

IN today's issue will be found new announcements from a number of candidates for nomination at the Democratic primaries. According to the present outlook there will be two full tickets in the field for the Democratic nomination. Every effort for a compromise ticket has failed to date.

ALEXANDER ARMSTRONG, the present Attorney-General, has announced his candidacy for Governor on the Republican ticket. It has been believed for some weeks that Mr. Armstrong would be agreed on by his party to oppose Governor Ritchie at the election in November.

IN starting our $2000.00 Subscription Campaign, as announced on the eighth page of this issue, The Transcript is endeavoring to add to its already large list of subscribers. We realize that the usefulness and advertising value of a newspaper increases as its subscription list increases. We have invested this money in this campaign with the belief that by the eighth of August, the date on which the campaign ends, that the Transcript will have added many new names to its present large list of subscribers. The Studebaker car has been purchased and can be seen by the contestants at any time. The other prizes are bought and are on display at the jewelry store of J. S. Kreeger in Chestertown. The entrant polling the largest number of votes, as announced on the eighth page, will be awarded the Studebaker car and those running next in order will receive the other valuable prizes. This campaign is being conducted with the assistance of the Success Circulation Bureau, who has sent several active men here in the county to direct the campaign. This bureau has been successful in many parts of the country in conducting campaigns such as this.

Game Warden Asks Co-operation

Seeking the assistance of dog-owners in the preservation of game in the state, Game Warden LeCompte has sent out the following letter to different parts of the state:

"You undoubtedly know this is the breeding season for our game birds and game animals. The Game Department feels this important fact has never been brought to your attention, and that it is not your willful intension to allow your dog or dogs to run at large and destroy game. Would you believe it, that dogs running at large destroy more game during the breeding season than all the hunters combined? For instance, take a mother rabbit. She has not a ghost of a chance to protect herself from dogs. One mother rabbit killed during the breeding season means at least 12 less rabbits during the hunting season. We bring these facts to your attention, so you can understand why it is important that you should keep your dogs under leash during the breeding season, and we sincerely trust you will comply with our request, and co-operate with us in replenishing the covers in this state.

"We are indeed very sorry to be compelled to bring this matter to your attention at this time; however, it is absolutely essential in order to protect our game during the closed season. However, we are positive, after you have given this matter your careful attention, you will agree with us and comply with our request."

ANNOUNCEMENT

Having been solicited by many of my friends, I hereby announce myself a candidate for the sheriff's office of Kent county, subject to the Democratic primaries in September.
CHARLES L. GILL.

TO THE DEMOCRATIC VOTERS OF KENT COUNTY, MARYLAND.

Ladies and Gentlemen:

Having recently received several letters from different sections of the county, and having been asked by a number of loyal party people, both men and women, to present my name again as a candidate for the Democratic nomination for State Senator, beg to say that, after a careful consideration concerning this matter, I have fully concluded to do so.

While thus announcing myself, I cordially ask for your assistance and trust that you may be able and willing to give me your earnest and active support. Should I succeed in receiving the nomination at your hands, and then be fortunate enough to win at the polls in November, it will be my pleasure and my pride to discharge the duties of said office with promptness, uprightness and courtesy to all.

My attachment to the party which won my early allegiance has grown stronger with the passing years, and I hope to be worthy of your confidence and endorsement once more. I regard the State Senatorship as an important public trust, but as not pressing any special claims for fitness upon my fellow-citizens in this connection.

Realizing my many shortcomings and imperfections, I humbly await the verdict of my party, and by this verdict I nom promise to abide.

Faithfully yours,
WILLIAM F. RUSSELL.

ANNOUNCEMENT.

New Doctor Coming to Chestertown.

Dr. Leonard M. Dill, Formerly of Baltimore, and a Graduate of the Palmer School of Chiropractic, at Davenport, Iowa, announces that he will open an office in Chestertown, and begin the practice of CHIROPRACTIC. (Pronounced KI-RO-PRAK-TIK).

Dr. Dill is the first Chiropractic in Kent County, and will be the pioneer Chiropractic in this section of the Eastern Shore.

CHIROPRACTIC, will be something new to the people of Chestertown and vicinity, but in Baltimore, Wilmington, Philadelphia and other large cities throughout the country, especially in the West, there are large numbers of Chiropractics, who are revolutionizing the Healing World.

Discovered in 1895, at Davenport, Iowa, by Dr. D. D. Palmer, from whom Dr. Dill learned the Science, Chiropractic has grown by leaps and bounds until today there are in the United States alone over 20,000 practitioners of CHIROPRACTIC.

The remarkable success with which this Science is meeting, is demonstrated by the fact that during the past ten or twelve years the great majority of the States of the Union have recognized and LICENSED the practice of CHIROPRACTIC, as they do the practise of medicine and surgery.

EXPLANATION OF CHIROPRACTIC

CHIROPRACTIC is a science, Art, and Philosophy based upon the fact that the NERVOUS SYSTEM controls, maintains and regulates everything that goes on inside our bodies by means of NERVE ENERGY, which is generated by the brain.

The brain is the center and origin of all life in the body. In the different lobes and areas of the brain are located the great centers that control the stomach, heart, bowels, eyes, ears, nose, legs, arms and in fact every portion of the body. The brain is kept in communication with these different parts through the media of the NERVES. These nerves begin at the base of the brain, and run down through the spine, and through the tiny openings in the spine they pass to all orgas and parts of the body.

CHIROPRACTIC maintains that when the brain sends this NERVE ENERGY down through the nerves, and the nerves are unhindered in their passage through the tiny openings of the spine, this nerve enrgy reaches all parts of the body and GOOD HEALTH must exist.

However, when one or more of the small joints of the SPINE becomes misplaced, the opening through which the nerves pass out becomes partially closed, and this causes a pressure on the delicate nerves that leave a particular part of the SPINE. When a nerve is pressed upon this NERVE ENERGY is shut off and cannot reach the particular organ or part it was intended to supply, consequently the particular organ or part cannot work right and it becomes sick or diseased.

CHIROPRACTIC corrects the CAUSE of the trouble by adjusting the tiny bones of the SPINE that become misplaced, so that the pressure on the nerves is relieved, and the organ or part that is sick or diseased begins to work normally again and health returns.

CHIROPRACTIC SPINAL ADJUSTMENTS have been found a God-send to persons suffering with rheumatism, Lumbago, Neuritis, Neuralgia, Stomach Trouble, Nervous Indigestion, Deafness, Catarrh, Hay Fever, Asthma, Kidney Trouble, Influenza, Coughs, Colds, Paralysis, Pains in the back, Sciatica, Heart Trouble, Eye Trouble, Constipation, Bladder Trouble and most all the ailments that affect both the male and female.

Dr. Dill will be in Chestertown, beginning July 5th, and invites all who are sick and want to get well to call at his office for free consultation and Spinal Examination. Those who live far in the country may write for information and pamphlets on any particular trouble. Pamphlets will be sent to anyone in Kent or Queen Anne Co. without charge or obligation.

Dr. Dill will run an advertisement in this paper every week. Be sure to read it. NO PATIENTS ARE ACCEPTED UNLESS THEY CAN MAKE ARRANGEMENTS TO COME TO THE OFFICE AT LEAST THREE TIMES A WEEK FOR ONE MONTH. Acute troubles do not take this long usually, but in order ot secure the best results, patients must come for at least one month.

Dr. Dill's office in Chestertown is located at 107 N. Cross St., Phone Chestertown 232. Office hours are Monday, Wednesday and Friday from 10-12 a. m., 2-5 and 6-8 p. m.

QUICK ACTION BRAKES
EXTRA LARGE AND EXTRA SAFE

In the construction of Dodge Brothers Motor Car, every consideration has been given to the owner's safety.

This is particulariy evident in the brakes, which, with their 14-inch drums and 2¼ inch lining, are appreciably larger than the average. The extra surface thus provided develops greater friction when the break bands contract over the drums—and it is this friction which stops the car."

Connecting levers are designed to transmit the maximum of power with the minimum of effort. The slightest pressure on the brake pedal has an immediate effect. This pressure is distributed evenly between the two rear wheels by a highly efficient equalizer, which prevents skidding because it retards both wheels simultaneously.

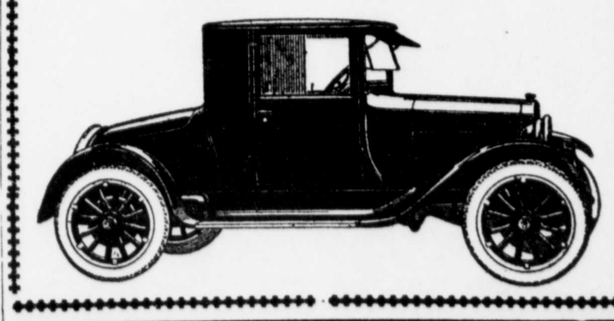

And the brake bands grip evenly all around the drums. This protects the lining against irregular wear and enables the driver to stop quickly, quietly and safely.
