ENTRANCE EXAMINATIONS

Engineering Scholarships

Entrance examinations, under the auspices of the College Entrance Examination Board, will be held June 18-23, 1923, in the Civil Engineering Building, Homewood, beginning at 9 A. M. each day.

Applications for Scholarships in the School of Engineering, established under provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, competitive examinations must be taken September 21, 1923, beginning at 9 a.m.

Each Legisaltive Distirct of Baltimore City and each County of the State, with the exception of Howard, will be entitled to one or more scholarships for the year 1923-1924, in addition to those already assigned.

Under the provisions of the Act of Assembly, the County and City Scholarships in the School of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted them.

The Scholarships entitle the holders to free tuition, free use of text books, and exemption from all regular fees. One of the scholarships in each County and in each Legislative District of the City carries also the sum of $200.

Scholarships may be awarded to graudates of Loyola College, St. John's College, Washington College, Western Maryland College, University of Maryland (Maryland Agriculture College), Mt. St. Mary's College and Rock Hill College.

Address The Registrar for blank application forms and for catalogues. The next session begins Tuesday, October 2.

BOOST

Boost, and the world boosts with you,
Knock, and you're on the shelf,
For the world gets sick
Of the man who'll kick
And wishes he'd kick himself.

Boost, when the sun is shining,
Boost, when it starts to rain.
If you happen to fall
Don't lie there and bawl,
But get up and boost again.

Boost, if your class is lively,
Boost, if it's dead as sin,
No battle is won
By those who run;
So stick to your job—and win.

Boost for your own advancement,
Boost for the things sublime;
For the chap that's found
On the topmost round
Is the Booster—every time.

THE FOURTEEN POINTS

Every citizen should belong to this organization:

1. Because no other organization can enlist so many of the ablest men of the town in service for the community.

2. Because it unifies the public spirit of the town and breaks down sectional selfishness.

3. Because it helps create and express sound opinions on questions affecting the welfare of the town.

4. Because it links the town with others in great business and patriotic movements.

5. Because it holds up an ideal of civic development that tends to the encouragement of what is helpful and the elimination of what is harmful.

6. Because its activities and social life make its members better business men and better citizens.

7. Because it is the gauge of the town enterprises, prosperity and ambitions and reflects accordingly upon every citizen.

8. Because it is the only agency equipped to analyze the town's needs.

9. Because it is now engaged in a constructive program in the best interests of the town, both industrial and civic.

10. Because the time has come when business men must take an active interest in civic growth and if this interest is to make itself felt it must be organized and representative.

11. Because, while no organization is perfect, defects are more easily and effectively remedied from within than from without.

12. Because the Association's past record shows that it is interested in the complete, well rounded development of the town and the objects for which it is striving are worthy of support.

13. Because the need for concentrated effort on civic development and unified action on civic betterment was never greater than now, and the vigorous support of every intelligent citizen is imperative.

14. And lastly, because affiliation with the Association can operate to the advantage of the members by presenting opportunity to meet other business men, to establish good connections and to assist other business enterprises, both is existence here and prospective.

Crabbers Go On Strike

A strike of crabbers in Talbot Co. is now on. In St. Michaels the crabbers have tied up their boats and refuse to work. In Oxford they have stopped supplying the packing houses with crabs and are catching them and sending to Wilmington by express. The whole trouble in the case is the cut in price made by the packers. At the beginning of the season $4 a barrel was paid. This was reduced to $3.50 and then later to $3. The past week another cut was made to $2.50, and when the price was then placed at a still lower figure the crabbers decided that they would not stand it.

THOSE WHO KNOW

"Long Life to Your Motor"

The Polarine Chart recommends a certain consistency of Polarine for your motor. Consult it at your dealer's.

The Experienced Chauffeur

knows that it pays to give a motor the best possible protection. You get finer and longer service out of it. He knows, too, that you can depend on Polarine wherever you get it, in can or in bulk. It receives 56 manufacturing and inspection tests. It is a straight petroleum oil—different consistencies for different motors—one standard, highest quality. Large volume production by modern methods makes possible its reasonable price. Protect your motor with the finer lubrication that Polarine gives.
