Good Wheat Crop In This Section

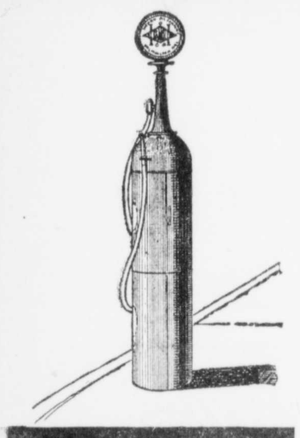

The big job of threshing out the wheat crop of this section is under way, and from many fields comes the glad tidings that the crop is a good one. Several crops of 30 bushels to the acre have been reported, and there are some growers who expect even a larger yield than this. However, the average yield of this section of the state will be about 20-25 bushels. The wheat is good, but the price is somewhat lower than was expected.

—During the first six months of this year there were fifteen lynchings in this country.

HEARN GASOLINE

Is Uniform and Dependable because it is tested before it is sold

All Hearn Gasoline is subjected to a series of tests before it is sold. These tests are important because they assure you of a high quality motor fuel that is always the same, not only at one station, but wherever the name HEARN marks a pump.

Among the most important tests to which Hearn Gasoline is subjected are: (1) the Distillation Test, (2) the Sulphur Test, (3) the Evaporation Test, and (4) the Sulphonation Test.

The Distillation Test is your assurance of a gasoline that starts easily, burns evenly, and gives power.

The Sulphur Test is your assurance of a gasoline free from sulphur and the consequent corrosion of certain metal parts, such as the exhaust valves, etc.

The Evaporation Test is your assurance that you are using ALL GASOLINE, with NO TRACE OF KEROSENE in it.

The Sulphonation Test is your assurance of a gasoline that is not carbon-forming, and is free from certain corrosive foreign matter.

You are entitled to know about the gasoline you buy. When you stop at a Hearn Filling Station you KNOW that the fuel you purchase has HAD to measure up to rigid specifications. You buy a gasoline that is always the same, no matter where or how often you buy it. It is uniform and reliable, because it is tested.

ANOTHER SPECIFICATION, EQUALLY IMPORTANT, TO WHICH ALL HEARN GASOLINE IS SUBJECTED, WILL BE EXPLAINED IN THE NEXT ADVERTISEMENT.

Hearnoleum Products

The Hearn Oil Company manufactures lubricating and fuel oils for all purposes. Have you tried

HEARN "Y" MOTOR OIL?

It is unexcelled as an all-the-year-around and all-around lubricant for your automobile.

Hearnoleum Products are sold throughout the entire state of Delaware and the Eastern Shore of Maryland. There is a Hearn filling station convenient to you. The man at that station knows and he will see that you get the right kind of oil for your car.

HEARN OIL CO.

BOYHOOD

By Edgar A. Guest

Perhaps 'twas just a fancy, or may-hap 'twas just a dream,
But as I travelled down the road I saw a silver stream,
I heard its merry gurgle and I saw the red-wing fly,
And I know that birds were nesting in the clump of trees nearby;
And then the strange thing happened, the thing I can't explain—
I was whistling through my fingers to my old playmates again.

The weight of age left me. I was free from every care,
My little shirt was open, and my sunburned legs were bare,
I had not wept at sorrow and I had not bowed to fate,
I had not seen the solemn hearse come slowly through the gate;
My face was tanned and freckled, and my only grief was rain,
As I whistled through my fingers to my old playmates again.

They tell me I was dozing, but my eyes were open wide,
And all the boys I used to know were racing at my side,
For just one precious minute God above permitted me
To live again and see again the boy I used to be.
Perhaps it was the silver stream which broke Time's heavy chain,
But I whistled through my fingers to my old playmates again.

Perhaps it was the red-wing as it flashed across the sky,
Perhaps it was the gurgle of the waters racing by,
Perhaps it was the fleecy clouds or something in the day,
But I was made a boy again, altho my hair is gray,
I lived one glorious moment, bare of foot I trudged the lane,
And whistled through my fingers to my old playmates again.

MARYLAND-DELAWARE NEWS

Items Of Interest From Shore Towns That Will Be Of Interest To Our Readers Here

The horrible murder of Miss Dorothy Kauffman, of near Shelltown, Worcester county, occurred in New York State recently.

Completely enveloped by the deadly fumes of chlorine gas, which escaped suddenly from a broken tank at the municipal electric plant, Centreville, Supt. L. D. Shank had a narrow escape drom death recently.

The Klu Klux Klan staged a big rally July 4 at Cambridge Fair grounds and took in 100 new members.

The "Somerset Republican" will be printed in Someset county shortly.

Six cows were killed near Easton last week during a severe thunder storm.

George Washington Freeman, colored, was killed by lightning in Talbot county last week.

In the ten years that he has lived in Talbot county, E. G. Kastenhuber has surveyed over 14,000 acres of land.

County tax rates for 123, made public Thursday by the State Tax Commission, show an average drop of 22 cents over the 1922 rate. Only one county, Garrett, advanced the rate.

Walter L. Long, Wilmington, charged with the murder of his step-grandfather, Elisha W. Hudson, on the night of April 30, near Selbyville, Del., was found guilty by a jury recently.

Mrs. Bessie Keating Hopper, widow of the late Judge P. B. Hopper, died suddenly at the home of her sisters in Centreville last week.

The race for the pennant in the Talbot County Baseball League is getting interesting. Trappe seems to have the edge on the other teams.

—In view of the persistent shortage of housing facilities in Maryland, as in every other state, it is not a little alarming to learn from figures made public recently b ythe National Board of Fire Underwriters, that Maryland burned, during the 5-year period of 1917-21, dwelling house property valued at $2,830,770. This was only a portion of the total fire destruction in Maryland.

A&P

Money will never roll into your pocket of its own accord, and even after you get it there, it's hard to keep.

A good wayto economize and help keep the dollars in your pocket is to deal at the A&P.

THOSE WHO KNOW

The Polarine Chart recommends a certain consistency of Polarine for your motor. Consult it at your dealer's.

"Long Life to Your Motor"

The Chief Mechanic

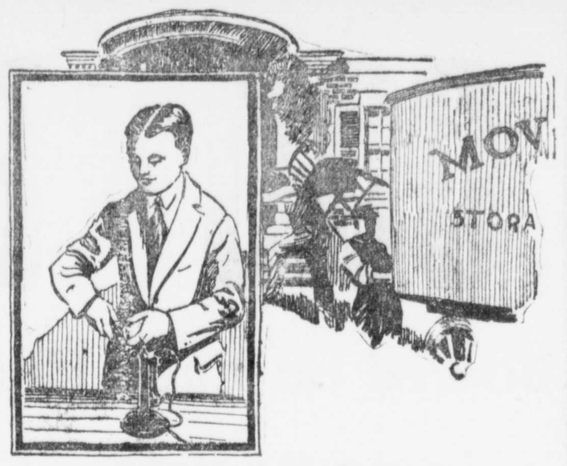

knows that poor lubrication is to blame for about 75% of all motor repairs. You use oil to protect the motor. If it doesn't there's something wrong with the oil. Polarine does definite things—improves the performance of motors, lengthens their life, keeps repair costs down, postpones overhauling, gives you better compression and more power from your gasoline, holds its body longer. Polarine is the reasonably priced, quality oil. Be sure you get it—ask for it by name.

STANDARD OIL COMPANY (New Jersey)

THE "STANDARD" OIL

SAY "POLARINE"—NOT JUST "A QUART OF OIL"

Changed Telephone Numbers

Calls for a telephone number that has been changed or discontinued are referred to a special operator whose duty is to supply the appropriate information.

This special operator asks you: "What number are you calling, please?" This may annoy you because you have just given the number you desire and you cannot understand why you are asked to repeat it. But it is necessary in order to advise you of the circumstances.

THE CHANGING OF NUMBERS BETWEEN THE ISSUING OF DIRECTORIES IS ONE OF THE PRINCIPAL REASONS CALLS ARE REFERRED TO A SPECIAL OPERATOR. Numbers must always be changed when subscribers move to another central office area and sometimes when they change their class of service.

When you are advised that a number frequently called has been changed, IT WILL HELP IF YOU WILL MAKE A NOTE OF THIS IN YOUR DIRECTORY.

The Chesapeake and Potomac Telephone Company

(Consult the information pages in the front of the telephone directory)
