Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

MARYLAND-DELAWARE NEWS

Items Of Interest From The Peninsula Towns That Will Interest Our Many Readers

Saturday night last reflected the potato prosperity of the Eastern Shore of Maryland and Virginia far better than any array of figures. The story has been written of the $12,000,000 that has come rolling down from the north to what is considered the jumping off place of the two states. It has not been told, however, that the trading place of the lower Shore is this little city that refuses to stay in ashes.

On Aug. 26, at 11 a. m., an old-fashioned campmeeting will begin on famous Chincoteague Island. The campmeeting will likely be a big success.

Wicomico county, according to the figures compiled by the State Department of Health, had no divorces for the year 1922.

The knights of the Ku Klux Klan staged a spectacular rally in Snow Hill last Wednesday evening. Members of the order came from all over the Eastern Shore.

A sentence of life imprisonment in the New Castle Workhouse was imposed at noon Saturday on Walter L. Long, of Wilmington, who on July 3 was convicted of murdering his stepgrandfather, near Selbyville, by beating him to death with a hammer.

A turtle weighing 129 pounds was caught at Delaware City recently.

when you use too much Choke—

FOR more than two generations our development and manufacturing men have been in hourly quest of the finest lubricants for every purpose. For twenty years the great field of motor car lubrication has multiplied their experience by an astounding variety of new problems promptly and successfully met.

Your dash choke, for example. So long as you leave it out you pour raw gasoline down your cylinder walls, washing off the oil, leaving surfaces unprotected, diluting the oil in your crank case. Our experience is that it's better to replace the choke promptly, let the motor rest an instant while the "gas" vaporizes, *then* use the starter again. *Don't keep on grinding with the choker out!*

Polarine is a prime-quality motor oil developed by long, practical experience to resist dilution. With reasonable care on your part you can trust it for perfect lubrication.

The Polarine Chart shows the right consistency of oil for your motor. Consult it at your dealer's—trust our recommendation for best results.

KEEP YOUNG

People with bad backs and weak kidneys are apt to fel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Chestertown case:

Thomas Clements, retired farmer, 108 S. Mill St., gave the following statement August 16, 1916: "I suffered from attack of backache and whenever I bent, I had sharp pains in the small of my back. As Doan's Kidney Pills had been used in my home for several years, I took some and haven't been troubled since. I bought this excellent medicine at Toulson's Drug Store."

On January 25, 1921, Mr. Clements added: "Whenever my kidneys trouble me, I use Doan's Kidney Pills and they always do me a great deal of good. I have never found anything equal to Doan's."
