GOVERNOR RITCHIE opened his campaign with a speech at Cumberland last night in which he pointed out that the state tax rate had been reduced six cents during his administration and promised further reduction if re-elected.

GOVERNOR RITCHIE is certainly to be complimented on the appointment of Mr. E. Brooke Lee as Secretary of State to succeed Mr. Philip B. Perlman. Mr. Lee served as Comptroller under Governor Ritchie and refused the nomination for a second term. Mr. Lee has many friends in all parts of the state. He was very active during the past legislature and no doubt will be of great service to his party in the future.

IN the primary on Monday the Democratic voters selected their ticket as listed above. It is the duty of every Democrat to support this ticket in the general election and to work for its success. A primary is held for the purpose of giving to the voters a chance of selecting the men who shall represent the party in the general election. All Democrats should help the ticket to win in November.

—The new Harding 2-cent memorial stamp has made its appearance in the Kent postoffices and caused quite an interest. Of the 300,000,000 stamps printed in the first issue the allotment sent to New York City was nearly three times as large as Baltimore's share, and the entire consignment was sold early.

The Lowest INSTALLED Price ever announced for a Farm Electric Light and Power Plant

The DELCO-LIGHT Man is ready NOW to install your DELCO-LIGHT Plant COMPLETE—only $529.50

for the most popular farm size plant

UNEQUALLED installation facilities, including a nation-wide organization of over 4,000 installation men, make it possible for Delco-Light with their quantity production to set the lowest price ever announced for an electric light plant *completely installed*.

And — it is highly important, in purchasing any lighting plant that you know the *installed* price.

The installed price for the most popular size Delco-Light plant includes not only the plant itself — it includes the freight; it includes the actual installation of that plant; it includes the standard Delco-Light Exide Battery composed of sixteen large capacity cells, built for long life, with extra thick plates and heavy glass jars; the wiring of your house for ten lights to be located anywhere you wish; one power outlet wherever you may want it; a standard set of ten drop lights with sockets and the installation of these lights; and ten standard electric light bulbs — the complete installation ready for you to turn on the lights.

This is the way to buy your electric light and power plant.

Terms So Easy You Cannot Afford To Be Without One

To make it easy for you to get your Delco-Light Plant we have set a very low first payment and made the terms very easy. The local Delco-Light man will explain these terms to you. A liberal discount allowed for cash.

WE WILL

GO ON A CASH BASIS

Owing to Business Conditions we are Compelled to make this change

It will enable us to give the public better service at less cost.

We feel that by extending credit we are doing our customers an injustice and putting ourselves in an embarrassing position when we need money to pay for grain and feeds.

Trusting you will lend us your assistance in this move for the good of the buyer and seller.

We are here to serve, and will be pleased to talk feeding and financing problems over with you.
