

...e Telephone Life

... your thought goes your voice ...u can talk across the continent ... Your telephone is the latch to ... you a... door in the land.

There is the web of wires. The many switchboards. The maze of apparatus. The millions of telephones. All are parts of a country-wide mechanism for far-speaking. The equipment has cost over two billion dollars, but more than equipment is needed.

There must be the guardians of the wires to keep them vital with speech-carrying electrical currents. There must be those who watch the myriads of tiny switchboard lights and answer your commands. There must be technicians of every sort to construct, repair and operate.

A quarter of a million men and women are united to give nation-wide telephone service. With their brains and hands they make the Bell System live.

A GOOD FRIEND

A good friends stands by you when in need. Chestertown people tell how Doan's Pills have stood the test. Mrs. Romie E. Patrick, of High St., Chestertown, endorsed Doan's many years ago and again confirms the story. Could you ask for more convincing testimony?

"I was in a bad way with a run down condition of my kidneys," says Mrs. Patrick. "My back ached and my kidneys were too free in action, causing annoyance. It seemed as if weights were tied to my back and were pulling me down. I felt tired and was in a miserable condition. Doan's Pills had been used in our family for several years, so I started to take them. After using about one box the trouble was entirely gone. I generally bought this excellent remedy at Toulson's Drug Store." (Statement given August 16, 1916.)

On January 26, 1921, Mrs. Patrick added: "I never miss a chance to recommend Doan's Kidney Pills. Since they cured me of kidney complaint, I have had no return."
