rganization of the Chester- nteer Fire Co., the new fire he picking of a fire-fighting Chief Walter Wright and the water pressure standing in the s make Chestertown stand out as own well protected against fire dev- station. The equipment, such as hose and personal equipment for the fire- men, is somewhat lacking, but we hope this will be taken care of in the near future by various means of raising money.

THE present representatives of the Maryland Legislature are confronted with many problems eminating from the fadists. Some of these problems in the form of bills have already found their way to Annapolis and, of course, many more will reach there before the session closes. All kinds of free advice and suggestions are being offered the various members of that body from many counties of the state, some of which suggestions are logical and some are the reverse. We believe most representatives want to know what their constituents want done at Annapolis and most of them desire, when reasonable requests or suggestions are made, to grant them. Our statute books are loaded already with laws, many of which, we believe, are obsolete, many useless and many serve a good end. Our belief is that as few laws should be passed as possible for the protection of our religious, social and civic protection and welfare. Kent County is ably represented at Annapolis and we believe her interests will be well taken care of.

NEWS OF LEGISLATURE

Bills Introduced At Annapolis That Will Interest The Readers of This Paper

The following bills have been introduced at the present session of the Maryland Legislature that will be of interest to our readers:

By Mr.Towers—Providing for a bond issue of $100,000 to build high school in Denton. Senators Towers, Roe and Copper.

By Mr. Roe—Repealing and reenacting Section 235, Article 81, of the Code of Public General Laws, providing that general reassessments of property in the state be made every 10 years instead of every five years. Finance.

By Mr. Towers, Mr. Roe and Mr. McDaniel—Providing for a loan of $750,000 to construct the Baltimore-Eastern Shore Boulevard, from Love Point to Denton. Finance.

lls to repeal ninty laws now on the ks of Maryland which have obsolete through the passage or other measures were intro- in the House by Delegate Jos- , chairman of the Judiciary Com- ee. The measures for which re- l is sought date back as far as 1793, while the latest was passed 20 years ago.

By Mr. Kerr—Providing for licensing of duck blinds in Kent county. Fish and game.

A bill will be introduced at this session of the Legislature providing for a tax not to exceed two mills on every dollar of assessed property in cities not exceeding 50,000 population, for the maintenance of a band for the benefit of the public.

PERSONAL AND SOCIAL

Mrs. Gross, of Birmingham, Ala., who as been on a visit of several months o her daughter, Mrs. Wm. Frazier Russell, returned to her home in the outh recently. A few days before she left here Mrs. Gross stated that our Maryland winters were not much colder than the Alabama winters. In fact, she said, she was anxious to see a few days of typical Maryland winter before she left, with plenty of snow. The day after Mrs. Gross left, the thermometer hovered around the zero mark for two days!

Taxes On Incomes Being Received

Collectors of Internal Revenue are receiving returns of income for the year 1923 computed in accordance with the proposed amendment to the existing law to reduce the normal tax rate from 4 and 8 to 3 and 6 per cent, and embracing other proposed changes. The government's answer in such cases is that the tax on income for the year 1923 is being collected under the revenue act of 1921, which is still in effect, and which provides a normal tax rate of 4 per cent on the first $4000 of net income in excess of the exemptions and credits and 8 per cent on the remaining net income.

Made Record Trip From Flint

Two young Chestertown men established a record for long-distance speed the other day. Leaving Flint Mich., last Friday morning by auto they traveled to Cumberland, Md., in twenty-four hours, according to the report. These young men of course travelled night and day, maintaining a high speed at all times.

Democrats After Campaign Funds

Cordell Hull. Chairman of the Democratic National Committee, has issued a statement calling attention to the fact that the 1924 dues, amounting to $5, of the members of the National Democratic Victory Clubs, are now due. Checks may be mailed to National Headquarters in Washington or sent to the local Club President. Mrs. Etta R. Hubbard.

Bus Line Operating Successfully

The bus line operating up and down the Shore is making its schedule most satisfactorily. The busses are large, warm, convenient and comfortable and make riding a pleasure to and from the different towns. This line brings the people of the various Eastern Shore towns in closer touch than ever before and are a real benefit to the progress of the social and business activities of this section.

—The Young Men's Club of the M.E. Church will give a minstrel show in the near future. This favorite form of entertainment has been dead in Chestertown for some time and it is good to see it revived.

Boulevard for Maryland Planned

Three important state roads, two in Maryland and one in Delaware, would be linked together by the proposed boulevard in a bill authorizing a bond issue of $750,000 provided in a bill at the present legislature, which has been introduced in the State Senate by Senators Towers, Roe and McDaniel. The proposed boulevard would cross the Easton-Elkton state road at Wye Mills and would meet the Salisbury-Elkton state road at Denton and would connect the Denton-Dover road, which branches off the Du Pont Highway at Dover, Del. Adherents of the bill say that many produce-laden trucks now going to Philadelphia from tihs section would be routed to Baltimore if better roads were offered them.
