The play showed a bevy of bright, interesting girls, enthused with college life, and all that pertained to it and at the same time showing the romantic side of their natures in their interest in the mysteries of All Halloween. The maid's description of the football was most amusing and the scene, which took place after the game itself, was well carried out. The minstrel, with his banjo and southern song, was loudly applauded and the songs very much appreciated.

SPORTS

(Other Sports On page 3)

The Young Men's Hebrew Association team, which gave the Washington five such a battle last year in Batlimore, will play the Washington quint tonight on the Washington floor. A big crowd is expected.

Fiore, during the past two years, has developed from a good, strong basketball player, to one of the very best guards that ever represented the college on the floor. In fact, along with Carrington, Mike is in a class where none have traveled. Carrington is the best long distance shot ever at the college; close to the basket, Fiore holds the honors. As a value to the team, Carrington and Fiore get about equal honors.

Western Maryland College was badly shattered when it collided with the "wonder team" at Washington College on the local floor Saturday evening, and emerged from the game the worst beaten aggregation ever seen here in a state contest. It was not that Western Maryland was so bad, but that W. C. was so strong. They played the best game of the year from every angle. First Carroll would come reeling through for a basket; then the flash, Dumschot, would tear into the melee, emerge with the ball and score; McGran, cool and poised, displayed his best form of the season and made for the basket with too much skill to be stopped; Carrington, smiling and alert, a master of the situation at all times, leisurely caged the ball from almost any distance and whenever he choose to do so; while Fiore, powerful on the defense and a wizard on the aggresive, did his part with a perfection that has few parallels in the history of basketball at the college. It was a great night for Washington. The spirit of the game was excellent, the visitors going down to defeat in a manner that does credit to a losing team. Brennan refereed his usual fine game. The final score was 45 to 11. The score at the half was one-sided. Carroll led in the scoring with 11 points. Sudlersville swamped Cecilton in the preliminaries.

Flowers will play with Houston, in the Texas League, this season. Flowers is a good athlete and a good fellow and we wish him success.

Easton will be in the Eastern Shore League this year. This is good news. Chestertown fans will be enabled now to see some baseball. The bus line will help this along.

Washington and Mt. St. Mary's College basketball teams will play their games in Baltimore this year. Feb. 22 and March 7 are the dates. This is bad news for college boys as well as Chestertown people.

We have been asked quite often if we thought the team was as strong this year as last. We answer unqualifiedly, that we do. Carrol and Dumscot are better, as are also Carrington and Fiore. McGran fits into the machine better than Gordy. McGran is more skillful and less aggressive. He is a better passer, but not quite so powerful. He has less weight and less aggressiveness, but is a better jumper and uses better judgment. Taken altogether, he accomplishes a trifle more by skill than Gordy did by his tremendous strength and power.

In Memoriam

BRYDEN—In loving remembrance of our father and husband, Singelton T. Bryden, who departed this life six months ago, Aug. 4, 1923.

Death's cruel dart has pierced our hearts,
And bowed us down with grief;
For beneath the silent sod
Our father and husband sleeps.

Long he struggled against disease,
Which ba ed skill and care,
And long he lingered, racked with pain,
And suffering hard to bear.

But our dear one is not dead, but sleeping
Beneath earth's cold sod;
And let us turn our hearts from weeping
And turn our trust in God.

When gathered around the circle,
Of home's endearing ties,
We'll miss our dear one,
Who lives beyond the skies.

Around the throne of Jesus,
His blessed spirit stands,
And sings to God his praises
Joined with the angel band.

Oh, may we all meet our dear one,
Where friends no more shall weep,
For those who die in Jesus,
Death is only sleep.

Makes New State Milk Record

By County Agent Derrick

Kent's first 30 pound record is made. Fayne Finderne Korndyke, No. 587214, produced 650.6 pounds of milk in seven days and 30.4 pounds butter, on official test. This official milk record is a new state record and the butter record is within .387 pounds of the state butter record for the senior four-year class. This cow produced, in 24 hours, during the above official test, a little over 99 pounds of milk. Practically 100 pounds of milk in one day from one cow is quite a record. It shows efficient selection, care and management on the part of Mr. Pennington, who is to be congratulated on his achievement.

Kent Clothide Pontiac Walker, No. 469,782, was also put on official test by Mr. Pennington and she produced 646.2 pounds milk and 26.485 pounds butter in seven days. This fine cow is the dam of Norman Pennington's prize-winning club calf and now a cow, whose official seven-day record, as a junior two-year-old was 460 lbs. milk and 20.25 pounds butter.

These records are the result of purebreds of good quality, good breeding and good health, properly cared for with untiring efforts, coupled with a sound and thorough knowledge of Holsteins and dairying, as shown by Mr. Edgar R. Pennington.
