TAXES versus TAXPAYERS

Unless the taxpayers of this state get behind Governor Ritchie's tax-reduction programme in no uncertain way, their tax burdens will most probably be very much increased. There seems to be an organized effort on foot by State Supt. of Schools Albert S. Cook to endeavor to force through the Maryland Legislature a much larger appropriation for schools than has been allowed by the Governor in his budget. This paper stands for progress, but we want a progress of reason and not one of a radical kind. It looks to us as though Supt. Cook has overstepped all bounds of reason in his efforts to dictate to the Governor and the Legislature what they shall do in regard to the school appropriation. There must be a halt called somewhere and in our opinion the taxpayers should come to the Governor's assistance in his efforts to reduce the burdens.

PRESIDENT WILSON DEAD

"President Wilson is dead"—this is the thrill message that passed over the wires of the world on Sunday morning last, and many hearts were made sad. President Wilson has been classed by newspapers and the great minds of the world as one of the greatest intellectual lights of modern times, and one, if not the greatest, president that has ever occupied the presidential chair of the United States since Washington vacated it. We could write pages about this illustrious man, but suffice it to say, as has been said many times: "Earth to earth, ashes to ashes" are not the final mournful words with Woodrow Wilson or any child of man. They represent only the last chapter of earthly existence, they are merely the expression of the fact that binds humanity in the end to a common fate, that preserves the sense of a common destiny, that tends to check human pride, to strengthen and sweeten human charity.

Ford Puts Out New Product

The Ford Motor Co. enters the new year with a new product, an all-steel combination truck body and cab mounted on the standard Ford One Ton Chassis to be sold as a complete unit.

The new body is of the open express type, so constructed that it may be readily converted into other body combinations by using stakes, side boards, canopy top, screen sides, etc.

"In fact," says the Ford statement, "the purpose in producing the new body as to place a low cost general utility truck, meeting both agricultural and commercial requirements at the disposal of ton truck users."

The body is built of steel to withstand the most severe usage and presents a new development in construction. The steel sills are reinforced with wood in order to lessen vibration and road shocks, thus making for more durability and longer life.

The loading space is seven feet two inches in length by four feet in width and of convenient and practical depth. The end gate is strongly braced and secured by heavy chains which hold it in position when lowered.

The cab, also of steel construction, is extra roomy. The seat is of artificial leather, well-cushiond on four-inch springs. Protection from the weather is afforded by close fitting door curtains mounted on uprights and opening and closing with the door. An oblong window in the back of the cab gives ample facilities for rear vision, adding to the safety as well as the convenience of the driver.

The new truck, which is already on display in many Ford dealers' show rooms throughout the country, sells complete with steel cab and body for $490 F. O. B. Detroit, being priced in accordance with the standard Ford policy.

In addition to the saving offered truck users in this body, is the convenience of now being able to buy the Ford Ton truck complete and ready to put into service.

A Rare Distinction

Mrs. Hart, wife of Professor Hart, of the Factulty of Washington College, has the rare distinction of being born in the same room where the late Ex-President Wilson was born. President Wilson's father was a Presbyterian minister, the same as was the father of Mrs. Hart. Both Mrs. Hart's father and the late executive's father filled the same pulpit at Stanton, Va., and, of course, occupied the same manse, or parsonage. In this manner came the somewhat unusual coincidence of Mrs. Hart and Mr. Wilson occupying the same quarters at the time of birth.

To Rush Newspapers Through

As a result of several months of investigation and study by experts of the Post Office Department, Postmaster General New has issued the first definite, concise and complete program that has ever been put on by the department for the mailing, transmission and delivery of newspapers. The essence of the order is that newspapers shall not be mixed with parcels post at any point. Papers must be handled by themselves and kept in constant transit, not being sent to railway terminals to be reworked.

WEDDINGS

Miss Florence Edna Darrell, of near Kennedyville, and John Lockwood, of near Chesterville, were married last week at Chesterville parsonage by Rev. H. A. Wilson. They will reside in Marcus Hook.

Oscar Swann, son of Mr. and Mrs. James H. Swann, near Greensboro, and Miss Lillian E. Boyce, daughter of Mr. and Mrs. C. C. Boyce, of Centreville, were married Saturday at Denton by the Rev. C. Natal Jones, pastor of the Methodist Episcopal Church, Denton.

For the present theey will make their home with the groom's parents.

SPORTS

In the preliminary game Wednesday evening at Washington College the local high school team was beaten by the college Scrubs.

The Washington College quint outclassed the Salisburg Y. M. C. A. team Wednesday evening on the local floor. The score was 70 to 17. Washington could easily have made it 100 had they kept in the first team throughout the game. Carroll led in the scoring with nine goals, while Carrington made 7; Dumschot followed with 5 and McGran caged 5, while Fiore made five successful casts for the baskets. The game was a good preliminary workout for the Navy game.

HAVE YOU

Heard the Latest?

Have you heard any of the comments all around the county about the new doctor in Chestertown? According to folks who have been to him he cures 95 per cent of all human ailments by working on the spine and spinal nerves.

Some say he practices the greatest Health System known. Others call him a fake. Those who praise him have tried him, or some of their friends have told them of the remarkable results they obtained. Those who "knock" are the kind who knock everything new without trying it. Some day some one will knock at their bed room door, and walk in to find them "knocking" their heads against the bedstead, because they had nothing else to knock. While yet a comparatively new method in this part of the country, Chiropratic is growing by leaps and bounds and winning public confidence and favor.

If you are sick of being sick and want to get well, call on Dr. Dill, the Chiroprator, in Chestertown. You will find him honest and reliable, and anxious to rid you of your troubles. He uses no medicine, pills, massage or electricity. He traces 95 per cent of all human ailments to the spine, the great switchboard of the body.
