The Third National Bank

OF CHESTERTOWN, MD.

The Only National Bank in Kent County

"THE BANK WHERE YOU FEEL AT HOME."

Let the Boys and Girls Come.

All girls and boys enjoy the opportunity to earn money for themselves. It gives them a feeling of independence. It helps more than anything else to develop ambition and purpose in life.

When a boy earns money for himself he is not so likely to spend it foolishly. It helps him to understand the value of money; and that quality is absolutely necessary in later life. To know how to earn money and to spend it wisely is a quality all must have who want to become well-to-do.

We are always glad to have the young folks as our patrons. Let them know the joy of building a bank account; let them learn to feel at home when in the bank. You cannot afford to let your neighbor's children get the advantage over yours in this important matter. Think it over.

At the beginning of the year 1923 we offered a prize of $25.00 in gold to the girl or boy who should build up the most consistant savings account with us during that year. We are pleased to announce that this prize went to Master John F. Wilson, Georgetown, Maryland. We wish to congratulate, publicly, all the girls and boys who entered this contest; and trust that each one feels repaid for the effort put forth.

Board of Directors meet Monday mornings at ten o'clock.

WE WELCOME THE BOYS TO

NEW STEAMBOAT LINE

AUTHORITY TO RUN LINE BETWEEN BALTIMORE AND ROCK HALL HAS BEEN PETITIONED FOR BY INTERESTED PARTIES

Rock Hall may have a direct steacboat line to Baltimore.

George Van Wagemen, through the representative, J. Marsh Matthews, has petitioned the Public Service Commission for authority to establish one between Baltimore and Rock Hall.

Since the discontinuance of the Maryland, Delaware and Virginia Railway Company, Rock Hall has had no direct steamboat communication with Baltimore. Rock Hall is the center of one of the greatest oyster, fish and crab industries in the country and thousands of dollars worth of sea food is shipped from that point every week.

It is true that Rock Hall is the eastern terminus of the Rock Hall-Bay Shore Ferry, but that line carries no freight except automobiles.

The petitioner has asked for authority to carry freight and passengers and it is quite probable that if the petition is granted a landing within the limits of the town will be secured at Sharp'sWharf. The channel will be dug to that point. A hearing in the case is set for today, Wednesday.

FAMOUS LECTURE HERE MONDAY

"Pussyfoot" Johnson, world famous teuperance lecturer, will be in Chestertown next Monday. He will speak in Chestertown M. E. Church on the subject, "The Cross and the Crescent."

In a recent lecture he said:

"Already in India three hundred temperance unions have been formed under Moslem influence and they are now teaching India abscinence from alcohol," the speaker continued. "Turkey the Molslem nation has already made law against alcoholism, and Egypt, which during the past year has been freed from the intervention of foreign nations, is taking steps to bring that country in line for prohibition.

"The religion of Hinduism and Mohammedanism teach prohibition as part of their creeds. Thus we have countless millions of people in the world who have been taught prohibition as a part of their religion, and it is this united force of expression that will bring universal prohibition."

MAKE ADVERTISING PAY.

The Transcript wants to make its advertisers money—and merchants must do their part. Advertising in newspapers is recognized the world over as being the best and cheapest way to reach the public. But it must be done right.

Few merchants really have the proper appreciation of what advertising means to them. A writer in an exchange aptly put it in this way:

If a man spoke to his wife only once a month or even two months, she wouldn't recognize his voice, says an exchange. Yet some business men advertise once a month or even two months and then wonder why they don't get more business. Advertise every week. Remember "the used key is always bright." The store that tells the public what it is doing every day is the store that gets there in the end.

CHESTER RIVER WATERMAN DEAD.

FOUND DEAD IN HIS HUMBLE SHACK NEAR QUEENSTOWN.

Joseph Elmer, a waterman, was found dead in his shack on My Lord's Gift farm, near Queenstown, last Saturday morning by Randolph Morris.

Mr. Elmer had for some time been in ill health and a week ago he was stricken while in Queenstown and carried to his shack across the Queenstown creek.

Early Saturday morning Mr. Morris rowed across the creek to see if the sick man needed help. Upon receiving no response to his knocking on the door, Morris entered the small building and found the man's body on the bed.

He then returned to Queenstown and Dr. Samuel J. Price and Magistrate S. E. Kirby went to the shanty. An inquest was not deemed necessary as death was caused by apoplexy.

Mr. Elmer had lived in Queenstown all his life and had been very successful and industrious as a waterman. He is survived by a brother and three children who live in Baltimore.

PROPERTY CHANGES HANDS

Mr. Owen Smith purchased the Abe Robinson Property on High St., opposite the Voshell House, this week; price $6450. This property was sold by Sidney P. Townshend under a martgagee sale.

Mr. Smith will remodel the building using the rear part for a residence and the front as a store for his fast growing Electrical Fixture and Wiring Business. Mr. Smith expects, in addition to his present business to handle a complete line or china and glass ware, and will build out a large window which will be a great addition to that part of High St.

Mr. Smith was born and spent the early part of his life in this building.

—The new fire siren for Chestertown is expected to arrive to-day. This Siren will be motor driven and will be operated from the telephone office.
