The Third National Bank

OF CHESTERTOWN, MD.

The Only National Bank in Kent County

"THE BANK WHERE YOU FEEL AT HOME."

Let the Boys and Girls Come.

All girls and boys enjoy the opportunity to earn money for themselves. It gives them a feeling of independence. It helps more than anything else to develop ambition and purpose in life.

When a boy earns money for himself he is not so likely to spend it foolishly. It helps him to understand the value of money; and that quality is absolutely necessary in later life. To know how to earn money and to spend it wisely is a quality all must have who want to become well-to-do.

We are always glad to have the young folks as our patrons. Let them know the joy of building a bank account; let them learn to feel at home when in the bank. You cannot afford to let your neighbor's children get the advantage over yours in this important matter. Think it over.

At the beginning of the year 1923 we offered a prize of $25.00 in gold to the girl or boy who should build up the most consistant savings account with us during that year. We are pleased to announce that this prize went to Master John F. Wilson, Georgetown, Maryland. We wish to congratulate, publicly, all the girls and boys who entered this contest; and trust that each one feels repaid for the effort put forth.

Board of Directors meet Monday mornings at ten o'clock.

WE WELCOME THE BOYS TO

GOOD BUS SERVICE

ACCIDENT TO STEAMER, MAKES BIG DEMAND ON LOCAL BUS LINE

The striking advantage of highway passenger service by motor bus and its great flexibility in times of emergency is being illustrated in the way the Buses of the Shore Transit System are taking care of the travel as usual as regular schedule to the ferries after the accident to one of the steamers of the ferry company.

The cracking of a cylinder head laid one of the boats up temporarily for repairs so that the ferry company abondoned the noon trip from Baltimore to Rock Hall and the 2.30 p. m. departure from Rock Hall to Baltimore. They also cancelled temporarily their schedule from Queenstown at 7.30 in the morning.

Upon learning of this, the despatcher of the Transit System at once issued orders to give the public between Easton and Rock Hall, including Centerville, Churchhill and Chestertown, the same regular schedule service to the ferry gateways just the same as though no break in the ferry service had occurred.

This has been accomplished by a shift in the routes and by diverting the buses into Rock Hall to deliver passengers to the early morning boat out of there for Baltimore and to meet the evening boat in there at 7.30 from Baltimore and to the noon boat at Queenstown and deliver passengers as well to the boat leaving Queenstown at 2.30 p. m.

In other words, the entire line between Easton and Rock Hall is being served with scheduled service taking them to and away from the ferries the same as if no change in the ferry service had been made. This temporary service of the busses into Queenstown it is understood is to become permanent as soon as a franchise is arranged for.

IMPROVED ROADS

PETITION FOR ROADS FROM MILLINGTON TO DELAWARE LINE.

The Smyrna Times gives the following account of new roads in Kent county, Del.: "With talked of roads west of Smyrna to be in the construction program for the coming season, the citizens over in Millington are petitioning their Board of County Commissioners for State aid road to join up with Delaware. Already there is a petition for a road frim Millington to the Delaware line joining up with the road from Massey to Galena. A road from Galena, to Sassafras and the Delaware line to join up with the concrete road by way of Collwell to Townsend. Over here in Delaware, there is a movement for a road from Claytin to Blackiston's on route to Millington, and road from Kenton to Maryland line by way of Down's Chapel, connecting up with the Sudlersville-Church Hill road. As only 23 miles of road can be built in Kent county, Del., this year, the prospect of any of these extensions being made this year is exceedingly remote. The concrete road from Smyrna to Clayton will be built. This is reasonably sure, but whether enough funds will permit of building the Clayton-Blackiston road, remains to be seen.
