THE report to the Effect that Senator W. B. Copper was backing a bill for the appropriation of $150,00 to build a new bridge across Chester River at Chestertown is without foundation. Senator Copper states that the report is untrue and absurd. $150,000 would hardly start the building of a bridge at this point. In our judgement it will be some years before the building of a bridge to take the place of the old ChesterRiver bridge will be considered by the State, so we had just as well make up our minds to content ourselves for the next three or four ourselves for the next three or fohr years at least with the one we now have with a few patches now and then put on it.

MARYLAND LEGISLATURE

NOTES OF INTEREST OF LEGISLATION WHICH IS BEING ENACTED AT THE STATE CAPITAL.

The Memorial and Resoultion to Congress, recently introduced in the Maryland General Assembly by State Senator Dudley G. Roe, of Queen Annes county, calling upon the Department of Agriculture to change the name of "No 2 Red Garlicky" wheat to "No 2 Red Eastern" wheat, has been unanimously passed in both the Senate and House and will now be formally forwarded to Congress by the Secretary of State.

Delegate Broening, of Baltimore city, introduced an amendment to the mechancis' lien law given contractors or workmen a lien upon a structure to the extene of the materials furnished or work done. At present the law requires such work or materials to amount to one-fourth of the value of the building before a lien can be effective.

Prohibtion of the sale of fire works throughout the State is the object of a bill introduced by Delegate Leggett, of the Third Legislative district. A fine of $250 is provided for the first offense and of not less than $1,000 for the second offense, or the punishment may be imprisonment for 60 days to six months.

Delegate Bennett sponsored, a joint resolution calling upon Congress to take steps toward making "The Star-Spangled Banner" the national anthem. Tradition and custom already haev made it so, the resolution declared, and such bodies as the American Legion favor its official adoption.

Mr. Towers also advocated the abandonment of the Queenstown Bay Shore ferry, which, he said, was receiving nearly $20,000 State subsidy and which was not making 5 cents on the dollar of subsidy received. The amount saved by its discontinuance, he declared would pay more than half of the annual interest on the boulevard loan.

The two bills introduced by Senator Roe last week will certainly please the taxpayers and business people of Queen Anne's county. 1—Requiring the County Treasurer to deposit tax funds in the six banks of Queen Anne's. As it now stands the two banks of Centreville get all the deposits. 2—To limit the term of the County Engineer to two years and he can be removed whenever he fails to give service.

Delegate Lednum, of Worcester County, has introduced a bill permitting druggists in Pocomoke City, holding Government licenses to dispense liquor on prescription.

The bill changing the method of capital punishment in Maryland from hanging to electrocution was shelved this week by the House of Delegates.

There has been prepared and sent to Annapolis for introduction in the Legislature, an enforcement bill for Somerset county, which re-enacts the present Somerset county liquor laws, and makes it possible for the local authorities to secure convictions upon presenting evidence of manufacture, transportation or sale of liquor in the county.

Stakes for fish nets may not be driven in any part of the Chesapeake Bay or its tributaries above Poole's Island under provisions of a bill offered in the House of Delegates by Delegate Robert R. Lawder, of Havre de Grace. An exception is made in cases of drift nets, which may be anchored.

The bill to prohibit purse-netting by Kent county fishermen was killed Thursday night by the House after a four hour debate, which began at noon and was resumed after a recess. Although conservationists and sportsmen generally have indorsed the bill, the plea fade on the floor by numerous speakers that the bill was "against the poor man," added to fraternal spirit among county delegates, led to the downfall of the measure by a vote of 71 to 34.

Eastern Shore members of the Senate today sponsored measures calling for loans totaling $400,000 for the new Eastern Shore State Normal School at Salisbury and Washington College, Chestertown, Thursday. New buildings and equipment are contemplated for the Normal School in the bill, which would provide $300.000 for the purpose. A $100,000loan for the Chestertown institution would be conditioned upon the raising by the college of a $200,000 endowment fund before July 1, 1927. Both bills were introduced under the names of Senators Harrison, Lankford, Adkins, Byrn, Towers, McDaniel, Roe, Copper and Cantwell and were referred to the Committee on Finance.

The school truancy bill, which caused wide-spread opposition when introduced in the House, o nWednesday was killed by that body by acceptance of an unfavorable report from the Judiciary Committee.

S Hepbron will officiate at the grave. B. R. Fellows, Undertaker.

"PUSSYFOOT" JOHNSON HERE

"Pussy foot" Johnson, former detective and noted temperance lecturer, addresses what was perehaps the largest temperance meeting ever held here on Monday evening. People were here from a radius of many miles, despite the inclement weather. Severally speaking, the lecture was somewhat disappointing. The lecturer rehearsed many well-known theories of prohibition and had the close attention of his hearers.

A BIRTHDAY PARTY

On Monday evening, Feb. 25, a large crowd of friends and relatives gathered at the home of Mr. and Mrs. Edward Anton, near Massey, the occasion being the twenty-first birthday of their son John. Dancing was the feature of the evening while Powell and Stern furnished some splendid music. At a late hour every body was invited to the dinning room where refreshments consisting of cake, lemonade, sandwitches and coffee were served in abundance after which the crowd departed for their homes wishing the young man many more happy birthdays such as his twenty-first. John received quite a few pretty and useful presents.

Chestertown Council No. 177 Jr. O. U. A. M. will hold their 27th anniversary on March 12th. All members are earnestly requested to be present. There will be prominent speakers from a distance,also local speakers. Refreshments will be served. The Juniors are in a most prosperous condition. They meet every Wednesday evening, and are having very enjoyable and interesting meetings. You miss a great treat when you do not come. Please be present on the 12th of March, their 27th anniversary.

EGGS WANTED
FOR HATCHING

We can use 70,000 Pure bred eggs per week for hatching.

If you have thoroughbred hens, call and see us as we pay a premium for such eggs.

Every farmer should keep Pure Bred hens, as you will get more for your eggs and several cents more for your chickens when they go to market.

Get busy now-get some Pure Bred Chickens and then in the fall you can get rid of your mixed stock.

With good care and housing you will be surprised to find that they are the best paying crop on the farm.

A number of our patrons tell us that their hens bring in more money than their cows. One farmer in Kent Co., sold over $1400.00 worth of eggs from 400 hens. You can do the same if you care to.

Come and see us and talk it over-we will be glad to help you.
