J. D. BACCHUS,

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

PAUL COMEGYS

Millington, Maryland

BRICE'S MILL

JOSEPH BRICE, Proprietor.

Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.

BOYS' CLUB MEMBERS GIVEN BANQUET

FARMERS, BANKERS AND EXTENSION OFFICALS THEIR GUESTS.

As a final chapter in the history of Dairy Club Work conducted in Kent county during 1923, an elaborate banquet was held. The whole affair was planned by the Club Members, financed principally by the winnings of the 1923 Kent County Boy's Club Dairy Cattle Judging Team, and given in appreciation of those Kent County Farmers, Bankers and representatives of the Extension Service, who had all worked together and had been of much assistance to them.

The Banquet was held in the Chestertown Tea Room on Friday evening, February 8th. After adorning paper caps of gay colors and milking the miniature cows at each place, an appetizing menu was served, beginning with oyster cocktails, dwelling on turkey with all necessary trimmings, moving on to chicken salad and winding up with ice-cream, cake and coffee.

The Club Members had chosen County Agent, H. B. Derrick, to act as Toast Master of the occasion. After brief remarks the 1923 Boys Club Dairy Cattle Judging Team, Stanley Sutton, Leo Startt, Martin Sutton and alternate Walter Morris, Jr., were requested to rise. State Club Agent, E. G. Jenkins, in behalf of the Timonium Fair Association, presented the Team with a handsome silver Cup, with suitable engraving on same, for winning second place in the State Judging Contest.

The Toastmaster then introduced the following speakers, each one adding to the merriment of the Banquet.

Walter T. Morris, Jr., who spoke on the training of the 1923 Judging Team and of their trips in Kent County, two day trip training in the Green Spring Valley of Baltimore County, and the "West Chester Trip," which included training at the Delaware State Fair and around West Chester, Pennsylvania, where some of the finest herds in the country are located.

Lee Startt, who told of the two Judging Contests in which our team entered. One in August at Easton, Md. in competition with the counties of Maryland and Delaware and in which our team won first place and $30.00. The other contest was the annual State Judging Contest, which was held at Timonium and in which the Kent Team came out second.

Stanley Sutton told of the Dairy Demonstration Team, composed of Walter Morris, Jr., and himself, being selected by the State Club Agent and given a trip to Camp Vail at the Eastern States Expositions for one week. They gave their demonstration which was on the "Production of Clean Milk on the Average Dairy Farm" before a large crowd. There were 65,000 people on theExposition grounds that day. The Boys expenses were financed by the State Bankers Association. Some of the experiencess of the trip and the wonderful leadership and service lessons brought out at Camp Vail were related.

Martin Sutton gave an account of the Kent County Club Calves at the State Fair at Timonium, where every calf won a place including 1st. place. Three Holstein Calves belonging to Kent County Club Members were selected to go to the National Dairy Show, at Syracuse, New York, and Norman Pennington and Martin Sutton went to care for them. In competition with the whole United States, these calves took 7th, 9th and 10th places. Martin said they were 8 days on the trip and saw the best Dairy Cattle in the Country.

Messrs. J. E. Morris, L. A. Sutton, Romie Morris, and Edgar Pennington, the dairymen who gladly let their herds be used at any and all times by the Boys for judging instruction purposes, each told of his readiness to stand behind this work of the boys, expressed their views of the great opportunities the Judging and Calf Club Work afforded the farm boy and congratulated them upon their knowledge and success.

Messrs. W. B. Copper, Allan Harris, and W. F. Russell were invited by the Boys to represent their respective Banks which had helped finance their Calf Club Work during 1923. Mr. Allan Harris gave a most interesting talk on the banking business and its connection with the agricultural industry in which the Boys were engaged. Mr. W. F. Russell gave a most inspiring talk, mingled with flowers, on the opportunities of life to the young man and the qualities that make for character and success. The Boys regretted very much that Senator W. B. Copper could not be with them because of his duties at Annapolis.

Mr. E. Thomas Massey, President of the Kent County Farm Bureau, congratulated the Boys on their accomplishments and spoke of the broad scope of their Club Work and of the opportunities of farm boys today as compared to only a few years ago. He said he was glad of the progress and hoped it would continue and pledged his support to the wonderful work.

"Jenks," the State Boys' Club Agent, was the final speaker and thrilled the party with his stories gathered from his trip to Europe for three months, with the Maryland Boy's Club Dairy Cattle Judging Team. This Team won in the United States and in the Challenge match with England. The solid gold cup, the spoils of the winners, offered by the London Daily Mail, was exhibited at the Banquet by Mr. Jenkins.

Everyone felt the evening was still "young," when the town clock struck twelve and the party adjourned with new and closer ties of friendship.

—While watching the killing of a beef at Leeds, at noon yesterday, Allen Peterman, age 77 years, of Leeds section, fell dead, from heart trouble, Coroner Magraw, of Elkton, was summoned and issued a certificate of death due to heart trouble. A family survive him.

MAY GRADE TOMATOES

THIS WOULD DOUBTLESS CAUSE MORE TROUBLE, BUT WOULD PROBABLY BE WELL WORTH WHILE.

The tentative grades for cannery tomatoes suggested by the United States Department of Agriculture will undoubtedly appeal strongly to Maryland growers who are endeavoring to improve their yield per acre and at the same time produce a superior product.

The improvement of quality is undoubtedly a prime factor from the standpoint of the Maryland tomato growing industry. A good pack necessarily has to be based upon a good raw product and the efforts of both canner and grower are essential if the State canner is to establish a reputation for quality canned tomatoes.

The grades as suggested have been approved by the Farm Bureau committee which is studying the tomato situation in the State. The committee, of which C. C. Geider, of Princess Anne, is chairman, has referred them to the counties for action by local Farm Bureaus or other organizations with the suggestion that organizations be established to put the grades into effect. It is therefore important that the requirements as set forth in the tentatives grades be studied and understood so that the growers will be capable of making the most of them wherever they are adopted.

Four grades are provided for: U. S. Grade No. 1, U. S. Grade No. 2, U. S. Grade No. 3, and U. S. Grade No. 4 which deals with culls. U. S. Grade No. 1 consists of tomatoes that are firm, ripe, and fairly smooth, well formed, free from molds and decay and practically free from damage caused from growth cracks, worm holes, catfaces, scars, sunscalds, freezing injury or by mechanical or other means.

The diameter of tomatoes of Grade No. 1 is not less than two inches. To allow for variation incident to proper grading and handling, not more than 3 per cent (by weight) may be below the prescribed size, and in addition, not more than 5 per cent (by weight) may be below the remaining requirments of this grade.

U. S. No. 2 consists of tomatoes that are firm, ripe, free from molds and decay and free from serious damage caused by growth cracks, worm holes, catfaces, scars, sunscalds, freezing injury or by mechanical or other means.

The diameter of tomatoes of Grade No. 2 is not less than two inches. To allow for variations incident to proper grading and handling, not more than 3 per cent (by weight) may be below the prescribed size, and in addition not more than 5 per cent (by weight may be below the remaining requirements of this grade.

U. S. No. 3 consists of tomatoes that are fairly well ripened and free from mold and decay. To allow for variations incident to proper grading and handling, not more than 5 per cent (by weight) may be below the requirements of this grade.

KENNEDYVILLE

Mr. George W. Perry, of Philadelphia spent the week end with Mrs. Anna Johnston and family.

Miss Anna Caldwell spent the week end with her parents, Mr. and Mrs. Caldwell.

Miss Kathryn Pennington spent several days with her parents, Mr. L. A. Pennington and wife.

Service at Grace Church this Sunday afternoon at 2.30 o'clock, Rev. B. B. Staats, pastor.

Miss Marian Pennington has been nursing Mrs. Alice Hepbron at Still Pond.

Mr. Medford Green of Sudlersville, visited Mr. and Mrs. Harry Spencer.

Mr. Robert Young attended the golden wedding anniversary of his sister in Wilmington Del., on Monday.

Mr. William Anderson and wife spent Saturday with their daughter.

M. P. Church service S. S. at 10 o'clock Mr. Ford Sup't., Sermon at 11 o'clock by Dr. Trout, C. E. in the evening at 7 o'clock.

Dr. Trout spent last week with his daughter, Mrs. Sieman in Washington, D. C.

We are sorry to report Mrs. Boggs Mrs. Greenwood and Miss Lula Van Dyke still on the sick list.

—Providence works with marvelous wisdom. Tiny creatures below the water selfishly build their little homes of coral—and Palm Beach, where the prosperous dash and doze, rests on a coral reef that those little creatures built.

DODGE BROTHERS TOURING CAR

Important Improvements

New Front Axle Makes Driving Easy

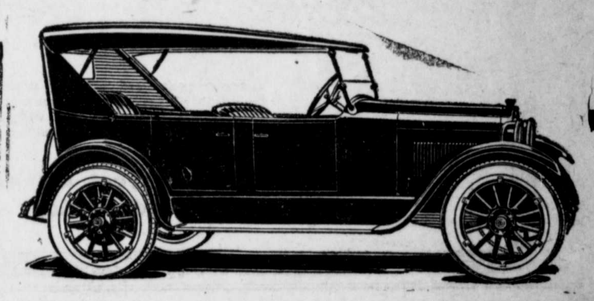

The front axle has been strengthened for greater margin of safety and redesigned to afford greatest possible ease in steering.

Springs Now Very Long and Underslung

The rear spring is underslung and semi-elliptical in type It is increased to 55 inches in length—ten inches longer than the old spring. Riding ease is now a feature of Dodge Brothers cars.

The front springs have been increased from 1¾ to 2 inches in width and are composed of more leaves of thinner stock, thus greatly improving riding comfort.

Everything Needed For Building

This Can Be Your Home

IT is within the power of every family to own their own home. The hardest part is to make the decision that you will own your home—and then build it. We will welcome an opportunity to talk home and to aid you in the planning and building of it. Adkins Builders' Service has helped many families in Salisbury and in surrouading towns to plan and build. And Adkins homes, too, are considered by many to be among the "prettiest homes in town"—good looking—well-planned—economical of upkeep. Let's have a home talk soon.

Safeguarding Your Investment

To the average family a home represents the savings of nearly a life-time of toil and economies. It is an investment of which the whole family is proud, particularly, though, father and mother. To them their home is their castle.

Adkins Builders' Service will safeguard this investment for you. It will eliminate the risks and uncertainty of building. It will make your building dollars go the limit in purchasing materials and in genuine satisfaction.

Our plan service covers 400 Better Built Homes of all sizes and types. If you don't find just the plan you have in mind, we'll draw a special plan for you incorporating your ideas and suggestions.

Get one of our plan books, free to prospective builders.
