THE AMERICAN PRESS ASSOCIATION

Entered at the Postoffice at Chestertown, Md., as second-class matter.

THE DRIVE under way to raise an Endowment Fund of $250,000 for Washington College with the idea of eventually making the college self sustaining, is a step that should be appreciated by the tax payers of the state of Maryland. In many ways a self sustaining college on the Eastern Shore, free from State Aid, and with money enough to bring it up to a standard that will rate among the leading colleges of the country, should appeal to the people of this Shore. Those who contribute toward this campaign will take a further interest in the college, will be proud of it, and want to see it prosper. Let us do all in our power to further this end.

DELEGATIONS AFTER delegations are still going before the Maryland Legislature seeking large appropriations for this and that purpose in opposition to Gov. Reitchie's budget. There can be no possible hope for a reduced or even a reasonable state tax rate, if the legislature grants these requests. The Governor should, and we believe will receive the support of a large majority of the members of both branches of the Legislature, in his efforts to reduce taxes. Should the state tax rate not be reduced no matter who may be responsible for it, the blame will be laid at the door of the Governor, therefore the members of the Legislature should stand solidly behind him and not grant any additional appropriations that will not come within the tax rate recommended by the Governor.

Legislative Notes

The Senate after having passed joint resolution No. 10 urging Congress to modify the immigration laws, reconsidered its action and, on motion by Senator Curran, First legislative district, of Baltimore City, recommitted the resolution to the Committee on Judicial Proceedings. Mr. Curran took the position that there should be no discrimination in favor of immigrants from Northern and Western Europe. The resolution in question already has been passed by the House. It is in line with one of the recommendations of the committee on agricultural program appointed by Governor Ritchie.

Sunday blue laws for Deals Island, Somerset county, are proposed in a bill introduced in the Senate Friday by Mr. Lankford, Somerset county. The measures forbids the sale on Sunday of cigars, candy and other articles. Penalty for first violation of the law is a fine; for second violation the fine is heavier. On conviction of a third offense against the proposed law, the offender would be prohibited from continuing his businesss in the Deals Island district.

Queen Anne's county tax-payers, who for many years have felt the burden of increasing costs in late years, will be keenly interested in the efforts of Senator Dudley G. Roe to amend the state law so that, in the counties, the re-assessment will occur at the end of each ten year period, instead of every five years, as at present. During the last Democratic primary campaign in the county. Senator Roe was pledged to an earnest effort to enact legislation that would change the present custom of re-assessing property every five years to ten-yaar periods.

The delegation of business men from here who went to Annapolis Wednesday for a hearing before the Senate finance committee and House ways and means committee in the interest of an appropriation of $100,000 for Washington College, reports the chances very favorable to the securing of the money.

Senator Copper has introduced a bill in the legislature providing for an increase in the town tax rate of eleven cents for the purpose of giving an annual appropriation of $600 a year to the Volunteer Fire Company for maintenance purposes and to provide a modern garbage system for the town. The Board of Town Commissioners is contemplating a number of street improvements during the coming spring and summer. The new bill provides a refererdum to be submitted to the taxpayers at the next annual town election.

Indication that Baltimore city will lose in its fight to obtain control of expenditure of its share of State road and bridge funds was given Wednesday. The House Ways and Means Committee reported the $4,500,000 road loan bill and the $900,000 bridge loan bill without amendment of any kind. The bills had been recommitted to give the city a hearing, but no change resulted.

Automobile Commissioner E. Austin Baughman will be required to return approximately $75,000 in fees pronounced illegally collected from taxicabs. funeral vehicles and independant hiring cars, under a ruling today by the Court of Appeals.

The eight-hour-working-day-for-women bill was killed and the legislative "clincher" applied to it Thursday in the House by the closest vote recorded this session. County members caused the defeat of the bill, with the city delegates standing nearly as a unit. The county men said it would interfere seriously with seasonal employment and that it was unwelcome to their constituents.

Bill No. 212, for the fire equipment for Millington, was one of the bills signed by the goveronr.

The narcotic bill sponsored by the State Department of Health was killed Tuesday in the Senate when it came up for third reading and final passage. The bill was given its legislative death blow through a motion to table made by Senator Curran, which was carried by a vote of 22 to 6. The bill was drawn to bring the State narcotic regulations into conformity with the federal Harrison Drug Act. It was introduced in the Senate by Senator Wade by request.

Changes in the State election laws designed to eliminate $350,000 in election expenses biennially were adopted subsequently by the House Committee on Elections Wednesday after a conference with election officials.

The Senate Wednesday killed Senate Bill No. 159, designed to give the State Central Committee of the major political parties the power to designate the method by which candidates for public office shall be nominated. Action by the party bodies would, under the terms of the bill, eliminate nomination of candidates by the direct primary system.

A tax of one cent a gallon on all gasoline sold on the Eastern Shore will be sought in legislation to be introduced into the General Assembly by the County Commissioners' Association of the Eastern Shore of Maryland, which was organized at a meeting held in Easton this week. The 1 cent tax is to be used on the dirt roads.

Thirty bills passed by both branches of the Assembly were signed Wednesday by Governor Ritchie, thus enacting them into law upon the dates when they become effective. All but one were local bills.

FIGURES IN OIL SCANDAL

NAMES OF PROMINENT NATIONAL FIGURES WHO HAVE BEEN DRAWN INTO GREAT OIL SCANDLE AT NATIONAL CAPITAL

The following is a list of the names of a majority of the prominent men who have been drawn into the great Teapot Dome oil scandal at Washington, which has resulted in the resignation of the Secretary of the Navy and may result in the ousting of the Attorney Generaal:

Albert Bacon Fall—former secretary of the Interior and former Senator who signed and chiefly negotiated the Teapot Dome and California oil leases.

Edwin Denby—Secretary of the Navy, who jointly signed with Fall the oil leases condemned by resolution unanimously adopted by the Senate,

Edward L. Doheny—multimillionaire oil magnet, who loaned former Secretary Albert B. Fall $100,000 on an unsecured not before Fall leased him Naval Reserve No. 1. in California.

Harry F. Sinclair—Another multimillionaire, who secretly negotiated with Fall the lease of the Teapot Dome Reserve in Wyoming.

William Zevely—Sinclair attorney, who sent $25,000 in Liberty Bonds to Fall at El Paso and took Fall's unsecured note at no interest, made out to Zevely, although the bonds came from the vaults of Sinclair.

Thomas J. Walsh—Democratic Senator from Montana, chief investigator of the Senate Committee on Public Lands.

William G. McAdoo—former Secretary of the Treasurer, who was employed by Doheny in connection with Mexican oil holdings.

PERSONAL AND SOCIAL

Mr. H. N. Baldwin returned this week to Chestertown after spending the month of February in Maine, Florida.

Mrs. W. W. Hubbard who has been spending the winter in Washington has returned.

Mrs. Harper spent part of the week in Baltimore.

Miss Anna Perkins attended her class reunion in Philadelphia this week

WORTON GRANGE NOTES

One of the most enjoyable meetings of Worton Grange was held last Monday night when this Grange was host to Still Pond and Kennedyville granges Although the night was stormy and the roads muddy, yet quite a goodly number braved the elements and enjoyed the evening with us.

New life seems to have sprung up within us, as on this evening eleven new members were taken into our order with more to follow soon. These were all good active working members as was demonstrated at the entertainment given on Friday evening. Bro. Rash, our Lecturer had charge of the program for the entertainment of our guests and ably filled the bill. Bro. S. S. Hebrun was persent and with his ready wit gave us an inspiring address. Several solos, recitations and general discussion completed the evening, until refreshments consisting of cake and coffee was served by the graces.

The entertainment of Friday night was more in the form of a musical, and was well worth the price of admission. About $2600 was realized. to swell the grange treasury. We are meeting every Monday night at 7.30 so come out.

LONG DISTANCE WALKER HERE.

Chestertown entertained a real long distance walker Friday afternoon, when Miss Nellie Walker, a young lady who stated she was making a tour of the world on foot arrived in Chestertown. She stated that she had made the entire distance from her home in California to Chestertown on foot, having left Wilmington the day before, where she secured the signature of the mayor of the city as an evidence of her visit there. She exhibited a film at the Lyceum showing some of the points of interest covering her route, and later looked up Mayor Charles N. Satterfield here and secured his signature before leaving town to resume her long journey. The Transcript hopes she reaches her destination safely.

Sidney P. Townshend, Attorney.
HARRY T. RASH, Owner.

CHIROPRACTIC

FADS AND FACTS

The story is told about the old country gentleman coming to town to witness the first steam-driven locomotive, was asked his opinion of the same, "Well, he said, its only a fad, we'll never get away from the horse and besides they'll never get the darned thing **STARTED.**"

After a time the locomotive steamed away and looking on with consternation he declared, "Now the fools will never get the darned thing **STOPPED.**"

The same story is told about the Wright Bro's. while making their first trip over the city of Dayton, Ohio, with the airplane. While the machine was whizzing thru the air Scientists looked on and declared air flying an "impossibility," because it contradicted the law of gravitation, in spite of the fact that they were witnessing a demonstration of the "Fact of Flying."

Certain unscrupulous persons in their sinful efforts to deprive the sick of a chance to be restored to good health, declare that Chiropractic, (the most wonderful Health System in existence) is a fad or fake, whereas these same people know of remarkable cures accomplished by this harmless method of spinal adjusting. It must be thoroughly understood by all that Chiropractic is not a message or manipulation of muscles, but a distinct science of correcting the cause of disease by adjusting the spine which is the great switchboard of the body.

Numerous people have been led to believe that Chiropractic adjustments hurt or injure the body. This is not so. Chiropractic adjustments never hurt except in cases where the spine is very sensitive due to long standing "nerve pressure." Chiropractic has never been known to injure a patient because no injurious drugs or medicines are used.

Chiropractic is applicable to diseases or ailments in every organ tissue or cell of the body where there is nerve distribution.

For information concerning Chiropractic consult a competent CHIROPRACTOR only. They alone know.

Dr. L. M. Dill the chiropractor will be glad to tell you in a direct and reliable manner the facts of Chiropractic. He assures everyone who calls on him of an honest opinion. He does not accept cases he knows cannot be helped by Chiropractic.

Hours Daily between 9 A. M.-5 P. M. except Tuesday, Thursday, and Saturday afternoons. Evenings by appointment.

NOTICE TO PUBLIC

The Board of Managers of the Chestertown Public Library announce a series of current event talks by A Hunt Vautier, of Philadelphia, in the Auditorium of the Chestertown High School on—

Monday, March 3.
Monday, April 7.
At 8 o'clock.

Season tickets, $2.50; single admission 50 cents. Tickets may be purchased at Jefferson's Store.

Subscription to the Transcript $1.50 per annum.

EGGS WANTED
FOR HATCHING

We can use 70,000 Pure bred eggs per week for hatching.

If you have thoroughbred hens, call and see us as we pay a premium for such eggs.

Every farmer should keep Pure Bred hens, as you will get more for your eggs and several cents more for your chickens when they go to market.

Get busy now-get some Pure Bred Chickens and then in the fall you can get rid of your mixed stock.

With good care and housing you will be surprised to find that they are the best paying crop on the farm.

A number of our patrons tell us that their hens bring in more money than their cows. One farmer in Kent Co., sold over $1400.00 worth of eggs from 400 hens. You can do the same if you care to.

Come and see us and talk it over-we will be glad to help you.

Queen Anne Poultry Farm.
