GREATEST ON EARTH POSITIVELY COMING

RINGLING BROS. and BARNUM & BAILEY TO BRING BIGGEST SHOW THAT EVER TOURED AMERICA

A rumor heard sometime since is now confirmed by the official announcement that the Ringling Brothers and Barnum & Bailey Combined Shows will positively exhibit at BALTIMORE MAY 15 and 16.

That this biggest of all amusement institutions is to come within easy distance is of unusual interest to local people because of the many changes that have taken place in this mammoth circus since it last visited this locality.

The Ringling Bros. and Barnum & Bailey super-array of men and women stars has now reached a total of eight hundred of the world's premier riders, aerialists, gymnast and athletic champions. There are a hundred of the funniest clowns on earth. The total personnel of this amazing circus exceeds sixteen hundred persons. More than fifty trainers and keepers are alone required for the splendid troupes of jungle animals that are exhibited in four steel arenas as part of the gigantic program. The pachyderm line-up numbers forty-three elephants for the main-tent stages as well as the three rings are now occupied by elephant troupes. This is the first time in circus history that five herds of elephants have been presented in a single display. The trained horse numbers have been augmented by the importation of new companies of supposedly untractable Russian stallions. Thus the various displays—sixteen in all—are equally distributed throughout the entire length of the mammoth main tent.

Some idea of the increased size of this great circus may be had from the estimate made by a New York statistician when it was playing at Madison Square Garden. After taking a census of the Big Show's people, horses, trained animals and the thousand animals contained in its menagerie, he anniunced that were it possible to place them shoulder to shoulder they would form a line more than two miles long! A hundred railroad cars, all double length, are used to transport this enormous institution, its properties, paraphernalia and huge equipments. The latter include many innovations for the comfort of patrons. Among these are forty Jumbo-electric fans operated by specially designed dynamo sets that audiences may enjoy cool and freshly filtered air throughout the hours performance.

—The grocery store of Harry E. Bishop, at Queenstown, was robbed last Friday night. A twenty five pound box of peaches, a quanity of canned goods and about $5.00 in cash was stolen.
