Experience is a great teacher if we will only learn. Sometimes it takes a wreck to teach us that we're on the wrong road and traveling too fast. Thousands of sick people today are wrecks trying to "run" with a broken down body.

The Chiropractor is like the automobile mechanic. He repairs and adjusts the wrecked human body, like the automobile mechanic adjusts the wrecked automobile.

The following are a few of the wrecks that have been repaired by the skill of Dr. Dill the Chiropractor.
