MARYLAND'S SHAD SUPPLY

Maryland's future supply of shad is largely at the mercy of Virginia, in the opinion of Swepson Earle, Conservation Commissioner. Virginia also holds the key to the crab situation, he says.

Commenting on the growing scarcity of shad, Mr. Earle said the backward season had retarded the run of the fish which now are reported coming into the lower part of the Chesapeake Bay in considerable number. He did not hold out hope of a heavy catch at the head of the bay, for the reason that but few of the fish get up that far on account of the nets.

"Conservation of shad and other migratory fish in Maryland must depend largely upon comity of action with Virginia," said Mr. Earle. "Virginia controls both shores at the entrance of the bay and for some distance above, and unless some action is taken to restrict the size of the nets, which now stretch far out into the channel, the fish cannot get up to the fresh water where they spawn.

WHAT MY NEIGHBOR SAYS.

Is of Interest to Chestertown Folks.

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a Chestertown resident Who could ask for a better example?

Mrs. Romie E. Patrick, High St., says: "My back ached and my kidneys acted too freely. It seemed as if weights were tied to my back and were pulling me down. I felt tired all the time. After using one box of Doan'. Pills from Toulson's Drug Store the trouble was entirely gone."

FIVE YEARS LATER, Mrs. Patrick said: "I never miss a chance to recommend Doan's Pills since they cured me of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Patrick had. Foster Milburn Co., Mfrs., Buffalo, N. Y.
