MARYLAND BANKER'S ASSOCIATION

Extracts from the report of the Chairman (Judge Duncan) of the Agricultural Committee of the Maryland Bankers' Association at their Annual Meeting held at Atlantic City, May 14 and 15th:

"There was an interesting judging contest at the Dairy Rally in Easton last August where teams from Somerset, Dorchester, Talbot, Queen Annes and Kent Counties met. Kent County won out. Twelve Counties were represented at the State Judging test at Timonium where the team from Harford County took first, that from Howard second, and that from Kent County third.

"lor several years Franklin Moffett, Worton, Kent County, Md., has been showing Berkshire pigs in club classes at Timonium Fair and has not only been comparing his pigs with others shown, but has been getting well acquainted with the best swine breeders among the club members of other counties. Founding his herd upon the best blood he could fine within his means he has made several long trips by truck to purchase breeding stock. In the fall of 1922 he planted three pastures; one in alfalfa and oats, one in rye and rape, and one in soy beans. His herd ran out to pasture all winter. In the Spring he made a movable fence and following the advice of his county agent utilized the pastures to the very best advantage. During the winter of 1922-23 he cut the timber, carried it to the saw mill for his swine house which he built according to plans submitted by the Extension Service. In the meantime he housed his pigs in a very comfortable building which he and his younger brother built. He now has two of the finest Berkshire boars in the county, eight superior sows, and has sold many good breeders to farmers in Kent County."

In view of the work the Agricultural Committee is doing, the Bankers' Association appropriated $1,000.00 for their use during year 1924-25.
