BINDER TWINE

For 22 years this firm and its predecessors have offered to the farmers of this community the best of grade of Standard Twine that could be had. Always offering twine that would run full length, full number of feet to the pound, every ball sold was guaranteed, and if not good could be returned, and it has been supplied at the lowest possible price, QUALITY, LENGTH and STRENGTH considered. There was twine sold in this territory last year running as short as 437 feet to the pound and in some sections it ran as short as 401 feet to the pound.

Compare 437 feet with 500 feet and you lose the binding of 160 bundles of wheat on every 5 pound ball. When you buy your twine, buy length and even quality, good working twine. This year we again offer McCormick & Deering GENUINE standard twine. This is in 5 pound balls and also the large 8 pound balls. Two of these large balls go in the twine box at one time and they save time. Our stock of twine is limited and we will appreciate your placing your orders now for what twine you need. The twine is here on display, we will be glad to have you come in and examine it.

HELP THE HELPLESS

"Off with the old, on with the new!" Spring is here, away with the heavy clothing of winter..

But what are you doing with it?

Here's a good idea! Fool the moths!

Much of that old clothing you can't wear again, you think it too shabby. But, overseas, thousands upon thousands of people, little children, women, old men, don't think so. They think that old overcoat, that old suit, that old dress is the finest piece of clothing they ever saw, they had some of your old clothing last fall. But it's worn out, it don't last long when it is worn all the time. So they are looking forward to the old clothing that you are taking off now.

This is the call of the naked, numbers of these people are really naked, others with rags their only protection against the cold. Here's what these people need—note the word NEED—and check this list off: coats and sweaters, dresses, blankets, wool shirts, heavy hose, boots and shoes, shop-worn garments, sheets for bandages, new cloth and heavy, warm clothing in which there is still some wear. And. Mr. Merchant, note those "shop-worn garments" and clean out your old stock.

Don't wait for Bundle Day. Bundle up your bundle and send it, parcel post, freight or express, prepaid, asks the Near East Relief, to Maryland Headquarters, N. E. R., 14 W. Franklin Street. Baltimore, Md.

Do it now, before you forget it. Cheat the moths and clothe these suffering people.
