BINDER TWINE

For 22 years this firm and its predecessors have offered to the farmers of this community the best of grade of Standard Twine that could be had. Always offering twine that would run ful length, full number of feet to the pound, every ball sold was guaranteed, and if not good could be returned, and it has been supplied at the lowest possible price, QUALITY, LENGTH and STRENGTH considered. There was twine sold in this territory last year running as short as 437 feet to the pound and in some sections it ran as short as 401 feet to the pound.

Compare 437 feet with 500 feet and you lose the binding of 160 bundles of wheat on every 5 pound ball. When you buy your twine, buy length and even quality, good working twine. This year we again offer McCormick & Deering GENUINE standard twine. This is in 5 pound balls and also the large 8 pound balls. Two of these large balls go in the twine box at one time and they save time. Our stock of twine is limited and we will appreciate your placing your orders now for what twine you need. The twine is here on display, we will be glad to have you come in and examine it.

Yours to Serve

LOYAL ORDER OF MOOSE TAKES ON NEW LIFE

A week or two ago the Loyal Order of Moose witth its friends enjoyed a very pleasant evening at the Voshell House, the occasion being the Annual Banquet. In addition to the very fine Menu, a most excellent address was made by his Honor Judge Wickes, setting forth many ways the Lodge should work and lend its endeavor for the good of a community. His advice and suggestion were well received and are bringing very good results.

Judge Wickes was followed by Brother Wm. Tricket Giles, Supreme Lecturer of the Loyal Order of Moose, who delighted all who were present with his very instructive talk showing the great usefulness of the Loyal Order of Moose to its members and their families by the establishment and maintenance of Moose Heart and Moose Haven. The former being located west of Chicago on the Fox river and consisting of over a Thousand Acres of land with accommodations for thousands of orphans of Moose members, providing not only a High School Education for these orphans but a vocation whereby cash is prepared to face the world and say, "I can make an honest living."

The Moose Haven is a recently established home in Florida where old members who have become unfortunate and not able to provide for themselves and wives may retire and receive some employment so that they feel they are sustaining themselves.

And in addition to these undertakings when a member in good standing becomes sick or disabled he is allowed $7.00 a week during such a disability during a period from two weeks to thirteen weeks in each calender year. Just think of it $7.00 a week sick benefits. $100 Death Benefit and an education fitting your children to make an honest living, a home for your wife as long as your children are at Moose Heart and a home for yourself and wife at Moose Haven during adversity, in your declining years.

Yes you should become a member.

Health Association Meets.

A meeting of the Kent County Public Health Association was held at the Armory on Wednesday afternoon, June 11. Meeting opened with prayer by Rev. N. O. Gibson. Minutes of last meeting read and accepted.

Mrs. Massey, chairman of the Association, made a few remarks concerning the Health Center which has been established in Chestertown.

The Association has secured the room in the Eliason building, formerly occupied by Mr. Kaplin, and with the cooperation and help of other organizations this room has been thoroughly cleaned and fitted up as a Health Center which is accessible to any one in Kent County. Tuberculosis clinics will be held here the second Monday in every month and other clinics will be established later.

Miss Lockwood, the County Health Nurse, gave a report of her work and stated she would be at the Health Centre every Thursday afternoon from one to four and will be glad to meet anyone desiring consultation. Mrs. Massey then introduced Mr. Passano, of Baltimore County.

Mr. Passano gave a most interesting talk of the Health work done in Balto. County and told us just how hard they had to work in order to make this the best Health Organization in the State. Obstacles of every kind were overcome until now they have five Health Centres, each one doing splendid work. Miss Lydia Martin, of the State Dept. of Health, and Miss Baer were present and gave short talks concerning their work.

The following officers were then elected: Chairman, Dr. Frank B. Hines; Vice-Chairman, Mrs. Clendaniel; Secretary, Mrs. Parks Rasin; Treasurer and Chairman of Seal Sale, Mrs. Mary O. Morris; Chairman of Nursing Com., Mrs. Thomas Massey; Executitve Com., to be composed of a representative from the different organizations and one from each district in the county.

If the people of Kent county are interested in Health Work, they can best show it by lending their cooperation.
