Bacon and Eggs—

year 'round breakfast dish of the nation

HOW many mornings out of the year do you have bacon and eggs? A surprising number, no doubt, if you could recall them all.

Bacon is an important factor in the diet of nearly everyone, not because a great deal is used at any one time, but because it is served so often with other foods.

And because it is used so often, you should be satisfied with none but the best. You'll like the wonderful mildness of Corkhill Brand Bacon. Ask for it at your dealer's.

Life's Mirror

There are loyal hearts, there are spirits brave,
There are souls that are good and true;
Then give to the world the best you have,
And the best will come back to you.

Give love, and love to your life will flow
A strength in your utmost need;
Have faith, and a score of hearts will show
Their faith in your word and deed.

Give truth, and your gift will be paid in kind,
Your honor will honor meet;
And a smile that is sweet will surely find
A smile that is just as sweet.

For life is the mirror of king and slave;
'Tis just what we are and do;
Then give to the world the best you have,
And the best will come back to you."

Vacation

Vacation days are here and we wish for all those teachers who have worked so faithfully and cooperatively a most restful and happy vacation. Whether you work or play, may it be restful, profitable period of your lives. May it bring you back filled with enthusiasm and inspiration to enter again into the greatest of all professions and give you a greater vision, if possible, than you have ever had before of the work of a real teacher.

We trust the boys and girls will have a profitable summer and that they too, will be anxious to return to school and go on making preparation for the work that is before them. But, they must not think they are preparing for life, for School Is Life and may they live it one day with another up to their very best and thus be building fine characters with which to enter into their life work.

We trust the members of the Parent-Teacher Associations will also have a restful summer and that when the fall term of school opens they will return to their duties with new determinations and new ambitions. These organizations have done splendid work. Last fall there were two organizations functioning, out of six that had been organized. Now there is an organization in all but three schools in Kent County and all are functioning. All are doing splendid work and have been very helpful to the teachers.

An Appreciation

We feel deeply indebted to Mrs. D. B. Ford and Mrs. Merrick Clements for going out over the county and into the Chestertown schools to direct the singing for the Seventh Grade Commencement Program. They are both so well equipped to do this work and in behalf of the graduates and teachers of the Kent County Elementary schools we express our appreciation for their kind and efficient cooperation.

We also wish to express our thanks to Miss Louise Russell and Mr. Carroll for their music and song; to Mr. Bacon and the members of his orchestra for furnishing their part of the program.

To. Dr. Paul E. Titsworth, we express our keen appreciation for the address of the evening.

And we must not overlook those who made it possible for us to decorate for this program. This is to thank Mr. Thomas Eliason, Jr., for the beautiful peonies and roses; Mrs. S. P. Townshend, Mrs. A. L. Sterling, Mrs. W. Chapman and Mrs. Atwater for their beautiful roses. It was thru the generosity and kindness of these persons that we were able to make the platform a bower of beauty.

To all others who in any way contributed toward the success of this program, we thank you.

While visiting the Millington school the other day our attention was called to the High Spots in the Millington School during the past year. They won the county debate; first place in the county in the Washington College Interscholastic Declamation Contest and third place on the Eastern Shore; second place in the Essay Contest conducted by the Old Kent Chapter of the Daughters of the American Revolution and they scored the highest in the state in the English Test given last fall by Mr. Fontaine of the State Department of Education. This is a fine record for any school and we congratulate the teachers of Millington and the pupils who won the honors.

Picnics and Festivals

Most of the schools did something at or near the close to send the children home happy. We have not had many reports directly and cannot give detailed reports but we are safe in saying that almost all of the schools did something. Among those who have reported are: Morgnec where they had a strawberry and ice cream festival; Pomona had a picnic and the patrons were all there; Fairlee had a Health Play and festival; Quaker Neck had an ice cream and cake picnic. Most of the parents were there and all had a good time; St. Paul had a neighborhood social; Swan Creek had a social hour and refreshments near the close of school whwen the parents were there.
