ICE CREAM LAW

Mr. A. L. Sullivan, Chief of the Bureau of Food and Drugs of the State Department of Health, has sent a notice to all ice cream manufacturers in the state. informing them of the requirements of the new ice cream law which which went into effect June 1.

The law now requires a butter fat content of from 8 to 10 per cent in the case of plain ice cream and of from 6 to 8 per cent in the case of fruit or nut ice cream. Mr. Sullivan requests the manufacturers to examine their formulas very carefully to see that sufficient cream is provided to measure up to the standard. In case of doubt, it is suggested that they submit samples to a chemist or consult the Bureau of Food and Drugs of the State Department of Health.

DROWNED IN THE SASSAFRAS

Raymond M. Upton, director of the Rehabilitation Division of the University of Delaware, was drowned on Sunday afternoon while bathing with several friends from Newark in the Chesapeake Bay at Chesapeake Haven. The body was recovered about 9 o'clock Tuesday morning. The search was continued all night Sunday and Monday by Messrs. John Newnam, Nat Scotten, William Holden and Bunt Wheeler, who received $210 for their services.

The body was found floating about 300 or 400 yards from where the drowning occurred, and was taken to Elkton for the inquest.

The government also assisted in the search yesterday, a boat being sent from the Aberdeen Proving Grounds for that purpose. Those on the boat set off heavy bombs in the water in an effort to bring the body to the surface.

CARD OF APPRECIATION.

In this way I wish to thank my many friends for the very great kindness and sincere sympathy shown me during my bereavement.

(Signed)
GRACE WRIGHT SELLECK.

BUS WAR IN COURT

Question Of Right To Operate Second Bus Line To Tolchester Argued Before Commission Wednesday

To determine whether a second bus line can be operated between Chestertown and Tolchester, a hearing was held before the Public Service Commission in the Kent County Court House Wednesday.

For several years Vernor M. Barnett has held a franchise from the P. S. C., for a bus line over this route. Recently the Shore Transit Line which corporation operates a number of buses throughout the Eastern Shore arranged its schedules so as to include connection with the Tolchester steamers.

Mr. Barnett protested to the Commissioners that his rights were being usurped and asked protection from the invasion. The Shore Line continued to operate its busses, however, and a number of arrests followed.

To settle the dispute Commissioners Ezra B. Whitman, Harold E. West and J. Frank Harper, accompanied by Col. Joseph L. Wickes, transportation engineer of the Commission came to Chestertown to hear the case which was continued in Baltimore yesterday.

FALL TO DEATH FROM BUILDING

Falling seventeen stories, while engaged in masonry work on the Continental Trust Building in Baltimore on Wednesday, Joseph H. Wright, of Baltimore, formerly of Chestertown, met almost instant death. In the fall, he crashed into the roof of a smaller building. He was the son of James and Ida Wright. Besides his mother he leaves his wife, Mrs. Ruth Wright, and an infant daughter and one brother, Harry Wright; three uncles, Wm. Cooper, Samuel E. Cooper, and James Cooper; one aunt Mrs. Cooper. The remains were brought by Tolchester to Mr. Samuel Cooper's residence, on High St., Thursday. Funeral service was help at 11 a. m. Friday morning. Interment in Chester Cemetery. Rev. T. J. Sard, officiated. The pall bearers were Howard Mench, George Cooper, Raymond Long, Olin Stafford, Arthur Cooper, Clark Davis.

UNIFORM AUTOMOBILE REGULATIONS

What is regarded as the first step in a plan for uniform automobile regulations throughout the United States came to light this week in a letter received by Automobile Commissioner E. Austin Baughman from Herbert Hoover, Secretary of Commerce. The letter asks Commissioner Baughman to serve on a committee composed largely of State auto commissioners for the collection of data on the cause ofautomobile accidents in the country. Later in the year, the latter intimates, the collection of data on the cause of autowork of collecting information, may be invited to Hoover's office in Washington, there to prepare tentative regulations that shall be effective in all States. These regulations would be along the lines already adopted by Maryland under the direction of Commissioner Baughman, to include a more careful examination into the physical and mental ability of applicants for automobile licenses.

DEATHS

Mrs. Susie Roberta Legg, (nee Hall) wife of Walter Legg, died at her home in Denbeigh, north of Rock Hall, Thursday, June 19, after a week's illness of paralysis, aged 63 years. Besides her husband, who resides in Balmore, she leaves two sons, William F. Smith, of Rock Hall and Irvin Smith, of Bel Air. Mrs. Smith was a good Christian woman and a member of both the M. P. and M. E. Sunday Schools. After funeral services conducted at the home by the Rev. C. H. Reed, of Wesley Chapel, Saturday morning the remains accompanied by her husband and sons and the other bearers, Clarence Thompson, Michael Schwartz, Adolph Keller and Nelson Rodney, was taken by Undertaker Thomas H. Casey to Bay Shore. Interment was made in Baltimore cemetery.

SAVING THE ROADSIDE TREES

With the advent of another summer and the season when so much attention is given to outdoor life. the boon on the roadside tree law is seen.

The contrast between a road lined on either side with a row of handsome trees and one unprotected from cold wind sand the glare and heat of a hot summer's sun is at once apparent to anyone, There is 'a contrast, too, between the street or county highway with its well-cared-for, ornamental trees and the road whose trees are covered with numerous signs and advertisements which are not, to say the least, ornamental in any way.

All of these things have received attention in a law which is sure to contribute much to the appearance of this already beautiful country, beautifying the landscape, and making Kent roads and streets comfortable and more attractive to the passers-by. For this law gives the State Board of Foresty power not only to care for and improve trees already planted along any highway, but provides for their proper planting in desirable places.

FOR SALE.

Desirable residence on west side of Washington Avenue, two doors from College Campus, seven rooms, reception hall, heat, light, water, gas, bath —all modern conveniences. Lot 60 x 181; house in thorough repair.
