Massey Trounces Ridgley

Massey and Ridgley played a thrilling game on Massey's diamond on Saturday July 19. The game was one long stretch of real baseball. The fielding on both sides was good, while the pitching was the main feature of the game. Groff took the mound for Massey and pitched one of the finest games he has pitched this year accounting for thirteen men in strike outs. Johson, of Denton, was on the hill for Ridgley and stuck out eight men. Both Johson and Groff allowed six hits each, Johson being tapped for three triples and three singles. The Ridgley hitters worked three doubles and three singles off Groff. Peacock Masseys star outfielder, made a fine heave from center, nabbing D. Borodle at the plate.

The Massey boys are hitting at a very good pace, their averages being Moffett G. 319, Groff T. 300, Peacock J. 290, Jones, P. 255, Benson H. 261, Gibbs I. 241, Hicks J. 223, Newnam G. 200, Haley E. 200, Newnam L. 141, Jones R. 136.

Massey will play Golt on their diamond at Townsend Delaware on Saturday, July 26, 1924.

POSTOFFICE SITE UNCERTAIN

Government Gives Tentative Contract For Removal—Community Registers Vigorous Protest

The Government Postal Officials have given a tentative contract for a postoffice building on the site of Mr. Jack Clendaniel's garage, on Cross street, near the depot, which burned several years ago, to Mr. Laurence Brown, of Chestertown. Mr. Brown prepares to erect for them, according to agreement, a building 32 x 85 feet, all the equipment in the building to be new and of the most approved type and private offices for the postmaster, assistant postmaster, and roomy quarters for the rural and city carriers. Mr. Brown is given authority to begin as soon as possible.

No sooner had this become generally known on Monday than the whole community became aroused at once and the thought of its removal from the center of the town aroused the keenest opposition, which had behind it a great majority of our people.

Petitions were put into circulation at once, which were signed by practically every one in the community, to keep the office in its present locality.

Some months ago, it became known that, upon the expiration of the present lease, bids would be asked for larger quarters.

Postoffice Inspector Chambers made several visits to Chestertown and solicited a proposal from the owners of the Lyceum Theatre building for the enlargement of the present quarters by the removal of a division wall and taking in the adjoining store room in the same building, thus about doubling, the floor space.

Proposals were also sought for other locations and finally four proposals weer submitted—two from the Lyceum Theatre Co., to release the quarters as at present; and to enlarge the same by taking in the adjoining room in accordance with specifications as stipulated by the post office authorities.

Mr. C. H. Eshman submitted a proposal for the erection of a building on his lot adjoining the Voshell House and Mr. L. G. Brown, of the E. S. Adkins Co., for the erection of a building as mentioned above.

On Tuesday night a meeting was held in Firemen's Hall to protest against the removal of the office. Mr. Allan A. Harris acted as chairman of the meeting. The protests and opinions of various people of the town were heard and Messrs. Russell, Brown and Eshman were invited to the meeting and stated their respective cases. The meeting was unanimously opposed to the removal of the postoffice to the site selected and registered its disapproval by appointing a committee to take action, the committee being as follows. Messrs. Alan Harris, Chairman, Robert R. Hill, A. Parks Rasin, Medford Brooks, R. Hynson Rogers, Dr. H. B. Simmons.

These gentlemen will put the case of Chestertown before the proper authorities at once for immediate action.

FIRE FUND GROWS

Campaign To Equipt Kent With Adequate Apparatus Gets Under Way

The campaign of the Chestertown Volunteer Fire Departemnt for $5000 to provide Kent County with adequate county-wide fire fighting apparatus is well under way and already the people are responding nobly to the cause. This is a matter that effects everyone within a striking approached for subscriptions and donations but should send their contribution at once to the Treasurer. Let's put this campaign over in great style.

A tentative working organization is being perfected and those on the job include: Wm. G. Smyth, President; W. R. Moody, Campaign Director; Barber R. Bartley, Treasurer; Mrs. Wm. B. Usilton, Team Captain; Mrs. Don Falls Team Captain; Frank Miller, Chairman, Millington; Harry Willis, Chairman, Fairlee; Howard Turner, Chairman, Betterton; Mrs. Harry Williams, Chairman, Worton; Elmer Leary, Chairman, Rock Hall; Joseph George, Chairman, Sudlersville; R. R. Pennington, Chairman, Galena.

In addition to this temporary skeleton organization every active member of the Fire Company is working hard to put the campaign across, led by Fred. Russell, acting Chief.

Let everyone jump in and give the cause a push forward and when approached for help let no one say nay.

We want a fire force that will reach every part of the county with instant help in case of need, to say nothing of that part of Queen Anne lying adjacent to the Chester River. And we want a fire fighting equipment that will stand up efficiently under heavy strain in a big fire. Let's go!

In Kent and Queen Annes Counties the following are the districts to be covered and their respective quotas:

Chestertown	$2000
Millington	200
Fairlee	150
Betterton	400
Worton	150
Rock Hall	400
Sudlersville	150
Church Hill	100
Galena	200
Still Pond	200
Lynch	200

Let each district go away over the top and thus boost the final total.

War Against Disease.

There is one kind of war that not even pacifists can criticise, and that is the warfare of men against germs. Every year germs kill more than twice as many people, through preventable diseases, as were killed in the entire World War.

The germs certainly have the advantage of numbers and a rapid birth rate; gut men have the scientific knowledge and the organization, at least to some extent. Primitive man may have feared the huge creatures, but modern man fears the tiny ones far more, and far more justly. Fear dirt, and fight the germs.
