New Postoffice Site

The report is current about town to the effect that a more desirable place than near the depot has been secured for the postoffice.

Messrs. Fred P. Adkins, of Salisury, and Lawrence G. Brown, who has the contract to build a new postoffice building have this week met a committee of citizens with a view to securing another location. The meeting resulted in an agreement by Mr. Brown to consider the vacant lot between the Voshell House and the home of Mrs. Samuel Vannort on High street in the center of the town, and it is believed that an arrangement can be effected between Mr. Brown and Mr. Eshman, the owner of the lot for a building site. It is also believed that the Postoffice Department will not be opposed to the location of the postoffice on this site if amicable arrangements can be made among Messrs. Brown, Eshman and Charles N. Satterfield, with whom Mr. Brown is understood to have had a tentative agreement looking to the use of his lot, on Cross street. The matter will be definitely settled in a few days as to the final location.

THE FIRE FIGHTING DRIVE

Campaign For New Apparatus Going Forward All Over County.

During the remainder of the campaign for funds being waged by the Chestertown Volunteer Fire Company demonstrations of methods of fire fighting will be given in Rock Hall and Galena and elsewhere if it is found advisable.

There are at least three potent reasons for supporting liberally this drive First, the business interests of Chestertown are supported partly by the people of Kent County and any movement, therefore, tending to protect the interests of the County at large should enlist the backing not only of the people of the county—that of course—but of the business interests of Chestertown as well. Second, when the present equipment of the Chestertown firemen was secured the effort resulted in the lowering of certain forms of fire risk insurance rates to the extent of nineteen per centum on a hundred dollars. There is all the more reason to velieve that, with the additional equipment and fire prevention devices, the rates will be still further reduced. Third, since the Fire Company is not supported by municipal funds it must, ipso facto, be supported by private subscription. If it is not thereby supported then it must, ipso fact, he supported by the Town. Therefore it is simply a choice between raising the tax rate and contributing to this fund as individuals.

The idea in this drive for money is to raise sufficient funds to purchase a speedy chassis upon which will be mounted chemical tanks and possibly a pump in order to fight fires in the outlying districts of Kent. The present apparatus will be retained, Easton has four trucks; Centreville, two. The present truck in Chestertown cannot be fighting a fire in Betterton or Rock Hall or in some other section of Kent and at the same time be protecting Chestertown. There must be two trucks for Kent County or else the fire protective facilities of the County will be crippled and inadequate.

Let it not be said that Chestertown and the people of Kent county will not rally to the support of this movement. There are enough pinch hitters in Kent to put it across.

KENT SWIMMERS WIN

Kent County has a real National Swimming Champion in Miss Adelaide Lambert, daghter of Mr. and Mrs. Kent Lambert, and her sister, Miss Katherine Lambert also. The former is the 100-yard female swimming champion of the United States. These young ladies reside in the summer at their pretty home on the state road, at Baker's Woods. In the winter, fall and spring they reside in the Canal Zone.

More than 550 girls, cheered and urged on by approximately 10,000 spectators, participated in the third annual All-Girls' swimming meet held by The Baltimore News at Clifton Park, Baltimore, on Frida, afternoon. The affair turned out to be a huge success. The 13 events on the program were all run off without a hitch and plenty of keen competition resulted.

Miss Adelaide Lambert and her sister Katherine were the bright stars of the meet, carrying off the senior and junior point trophies. Each won three gold medals and a handsome silver cup.

Bus Manager Dead

Samuel G. Durant, Development manager of the Shore Transit Company, was suddenly stricken with heart failure Thursday evening of last week and died before he reached the hospital. Mr. Durant was engaged in developing the Shore Transit Company's business and the Eastern Shore, and resided at the Greensborough hotel. He was in Easton on business, and had left Hotel Avon and was in a car with a friend about to start for Greensborough, when he was noticed to fall over. He was rushed to the hospital, but died before reaching it. A wife survived him. The remains were shipped to Flushing, Long Island for interment.
