WHY SUFFER SO?

Get Back Your Health As Other Chestertown Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out, Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Chestertown cases:

Mrs. M. E. Frazier, 419 W. High St., says: "My kidneys didn't act right and caused annoyance. At times I had dizzy spells when black spots and fiery flashes came before my eyes. When I stooped, my back ached dreadfully. I used two boxes of Doan's Pills and got relief."

Several Years Later, Mrs. Frazier said: "Doan's Pills help me when I have trouble with my kidneys."

RECORD OF BANK FAILURES GROWS

Suspensions Since January, 1924, Exceed Number in Three Years of Wilson Administration.

BUSINESS SUFFERS EQUALLY

Total of 13,290 Commercial Bankruptcies Reported Up to Sept. 1, Against 25,314 in Period from 1918 to 1920.

Washington, D. C.—Bank failures in the first six months of 1924 were nearly three times as numerous as the bank failures during the entire last three years of the second Wilson administration, it is revealed by statistics recently compiled by the R. G. Dun Mercantile Agency. The liabilities involved in the bank failures between January 1 and August 31, this year, were more than eight times greater than those incident to all the failures during the thirty-six months of 1918-20, both inclusive.

The story of commercial failures in the first eight months of the present year (January to August, inclusive) is even more dismal. The total of these failures in these eight months was 13,920 and the liabilities $396,427,178. The number of these failures in three-fourths of a year was more than half as great as the number reported in the three years from 1918 to 1920—during the second Wilson administration. The liabilities in the same eight months were within two-fifths as much as those for the three years of the Wilson administration cited.

Story Of Disaster

The figures from the records of R. G. Dun's agency show the following with regard to bank failures:

Wilson Administration

	Bank Failures	Liabilities
1918	20	$ 5,131,887
1919	50	16,520,862
1920	119	50,708,300
Total 3 years...	189	$ 72,361,049

Harding Administration

	Bank Failures	Liabilities
1921	404	173,027,776
1922	277	77,735,551
1923	540	196,790,000
1924 (1st 6 mos.).	428	153,228,720
Total 3½ years.	1,669	$600,782,047

Commercial Failures
(Second Wilson Administration)

		Liabilities
1918	9,982	$163,019,979
1919	6,451	113,291,237
1920	8,881	295,121,805
Total 3 years.	25,314	$571,433,021

The following are Dun's figures on commercial failures during three years of the Wilson administration and three and a half years of the Harding-Coolidge administration:

(Harding-Coolidge Administration)

1921	19,652	$627,401,883
1922	23,676	623,896,251
1923	18,720	530,532,000
1924 (1st 8 mos.).	13,920	91,957,219
Total 3½ years.	75,968	$2,178,247,212

Condition Worse In West

That panicky conditions have been particularly bad in the farm and stock raising States of the West, for which the Republican leaders promised a panacea for all ills in the emergency tariff act, subsequently replaced by the Fordney-McCumber law, one or the other of which has been in effect since the spring of 1921, is indicated by Treasury figures, published in the press in July, 1924, showing that of the bank failures recorded, 342 were in the States west of the Mississippi River. They included 267 State and 75 national banks—the latter number being greater than the total of all national banks failing throughout the entire country in the seven years of the Wilson administrations from 1914 to 1920, inclusive.

This appalling record of distress in the Western States shows a total of 66 failures in South Dakota alone during the first six months of 1924; 48 in North Dakota; 40 in Montana. Of all the States west of the Mississippi, only Nevada was not in the casualty list. And as this is written, reports are still coming in, one press dispatch relating the closing of six banks in Wyoming within two days.

Business men who were promised flush times with a Republican victory in 1920 have had an awakening equally sad, for bad as is the record of bank failures, it is no more disastrous than that of commercial failures.

FARMERS SUFFER ANNUAL NET LOSS

New York.—Farmers of the United States pay about $301,000,000 more in tariff each year than they get back from the "protection" given to agricultural products by the present Fordney-McCumber law, according to economists of the Farm Bureau Federation. As there are about 30,000,000 people engaged in agriculture—counting men, women and children—the loss they suffer through the tariff equals about $10 per capita a year.

The American Telephone and Telegraph Company has a larger number of stockholders than any other American corporation. The total number of stockholders at the beginning of the present year was 281,149.

There is enough money invested in telephone plant in the Bell System to pave with one dollar bills a straight highway 36 feet wide from New York to Denver.

To The Tax-Payers

OF KENT COUNTY

TREASURER'S OCTOBER SITTINGS

In pursuance of Acts of Assembly passed at the session of 1894, Chapter 292, and session of 1906, the undersigned, Treasurer of Kent county, hereby gives notice that for the purpose of receiving the

STATE AND COUNTY TAXES

in said county for the year 1924 he will sit for the October Sittings in the several Election Districts as follows:

Monday, October 13th—Galena at Bolton & Vandyke's store from 9 to 11 a. m.; Millington at Feddeman & Collins' store from 12 to 2; Kennedyville at R. C. Young's store from 3 to 5 p. m.

Tuesday, October 14th — Betterton at Turner's store 9 to 11 a. m.; Still Pond at Medders' store 11.30 to 1.30; Worton at C. C. Ivens' store from 2.30 to 4.30 p. m.

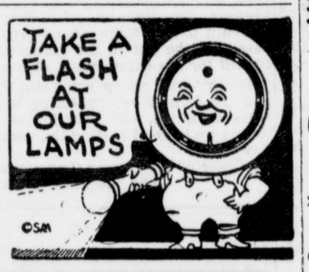

Wednesday, October 15 — Rock Hall at T. B. Durding's store from 10 to 12 noon; Piney Neck at Longley's store 1 to 3 p. m.; Fairlee at Bramble's store from 4 to 5 p. m.

Thursday, October 16—Pomona at T. R. Starr's store from 10 to 11 a.m.

At all other times will be at the Treasurer's Office in Chestertown

The Treasurer's Office in the Court House will be open every day except on the above dates from 9 a. m. to 5 p. m. for the receipt of taxes. Tax payers will please take notice that taxes will be due and payable Sept. 1, and that on all bills unpaid on Jan. 1, interest will be charged and collected from September 1. On the first day of January all taxes unpaid are declared by law to be in arrears, and delinquents are warned that unless settlement in full is made before April 1st, the Treasurer of the county will proceed to seize and sell their property to pay taxes due with charges and would, therefore, respectfully urge all tax-payers to pay promptly.

GEO. W. SUTTON,
Treasurer.

The Tire Shop's auto doctor says

You can't tell when you'll need a flash They cost but very little cash.

The handiest, most compact convenience in the auto world is an electric flash lamp. We sell several different kinds in various sizes. There are many small but important conveniences for the auto itself that will interest you here if you will look them over.

What Farmers Need Costs More In 1924

Prices of Agricultural Implements Show Large Increases While Farm Products Decline or Remain Stationary.

Washington, D. C.—Farmers were paying higher prices for the necessities they bought on January 15, 1924, than on the same date of the previous year, according to a report of the Department of Agriculture recently issued. At the same time agricultural producers were receiving less for many of their products last January than in the same month of 1923.

In the latest Year Book of the Department of Agriculture (page 1152) appears a table showing "prices of articles bought by farmers, 1923, and January 15, 1924." There are 69 articles in this list. All but fourteen of them cost the farmer more last January than on January 15, 1923. The increases in 1924 over the prices in 1923 range from a fraction of 1 per cent to 10 and 15 per cent.

Four of the fourteen articles which were cheaper in January this year than last were the farmer's own products—bacon, beans, flour and linseed meal.

Agricultural machinery and implements showed considerable advances in 1924, when cereal grains were selling for less money than for a long time previously. Harrows that cost $53.36 on January 15, 1923, were priced at $57.74 on January 15, 1924; horse-drawn riding plows that sold for $85.10 in 1923 were $95 in in 1924; grain binders were $201.61 in 1923 and $222.81 in 1924. Wagons increased from $123.26 in 1923 to $135.68 in 1924; two-horse sulky hay rakes, from $40.67 to $44.91; 5-foot mowers, from $74.39 to $81.22; centrifugal hand cream separators of 250 gallon capacity, from $79.10 to $85.31.

The same relative increases are to be found throughout the list. Barbed wire went from $4.87 to $5.19 a 100 pounds; dairy milk cans (10 gallons) from $4.85 to $5; binder twine from 13 2-10 cents to 13 6-10 cents a pound; leather horse collars from $5.06 to $5.40 each; rubber boots, knee length, from $4.28 to $4.32; wire nails from 5 8-10 cents to 6 2-10 cents; 2-inch framing lumber from $37.37 to $37.51 a 1000 feet; and so through the list of utensils, furniture, clothing, etc. For example, a suit of clothes that cost a farmer $25.83 in 1923 was nearly 5 per cent dearer in 1924, and socks and overalls were, respectively, 11 and 15 per cent higher.

Republican politicians and newspapers are telling farmers that the tariff is an advantage to them. It is evident, however, that while the tariff on agricultural products is practically worthless to the producer it is collectible from him on what he buys from others in the way of necessaries.

There is an attempt to prove that the tariff does not influence the cost of agricultural machinery and implements because these are on the free list. Farmers are not told that the iron and steel from which these machines and implements are manufactured are taxed heavily. This tax increases the cost of agricultural machinery and implements about $100,000,000 a year.

DAVIS BECOMES BOY SCOUT IN COLORADO

Denver, Colo.—When John W. Davis, Democratic presidential candidate, was in Colorado recent he climbed to an altitude of 9,500 feet in the rugged Rockies to become a member of the Boy Scouts of America, and remained there for a time as the guest of the organization. He is now enrolled as a Boy Scout in good standing of Region No. 8, which includes Colorado. At the suggestion of James E. West, executive director of the Boy Scouts, Mr. Davis spoke to the members of the conference in session there.

Mr. Davis praised the movement undertaken by the Boy Scouts to bring voters to the polls at local, state and national elections.

"You can do better work for the men and women of this day and for the men and women who are to come after us than to bring those boys to feel that that is their task in life, and that, young as they are, immature as they are, the hour for them to begin has already struck," Mr. Davis said.

TARIFF TAX ON HOMES

Woman Lecturer Says Cost Is $125 For Each Family.

Indianapolis, Ind.—Women are the purchasing agents for all of the 25,000,000 families in the United States, and as such they are the heaviest sufferers under the Fordney-McCumber high protective tariff, according to Mrs. Olive Beldon Lewis, of Indianapolis, who has been delivering a series of lectures to women on the tariff.

Mrs. Lewis points out that the Republican tariff increases the expense of every American home by at least $125 a year in extra cost on commodities in daily use.

BRICE'S MILL

JOSEPH BRICE, Proprietor.

Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.

Did You Ever Wish You Were Dead?

A Funny question to most people, but it is surprising how many people feel that way about things.

Of course no strong, robust, healthy man ever feels that way. No matter how many reverses he meets in life.

Any time you hear a man or woman speak that way, you know they are in ill health.

It is surprising how many men and women suffer with no particular ailment but a combination of symptoms or ailments that indicate a general run-down condition of the system.

The first indication of a run-down condition is a tired worn out feeling, the person has no "pep" or energy, and seems to be tired at all times. There is almost always symptoms of stomach trouble (Gas or Bloating,) Indigestion, a sick feeling and loss of appetite. The suffer loses weight and has no ambition to do anything. Everything seems to be a burden. There is also evidence of kidney trouble (though the urine is evidently O. K.) and in most cases constipation goes to make the misery worse. Headaches every few days, is a symptom, and shortness of breath with Palpitation of the heart are invariably associated with the general run down condition.

This is a condition that responds to Chiropractic where all other methods fail. If your trouble fits the above mentioned symptoms, you owe it to yourself and family to see Dr. Dill, the Chiropractor, now!

DODGE BROTHERS TOURING CAR

Important Improvements

New Front Axle Makes Driving Easy

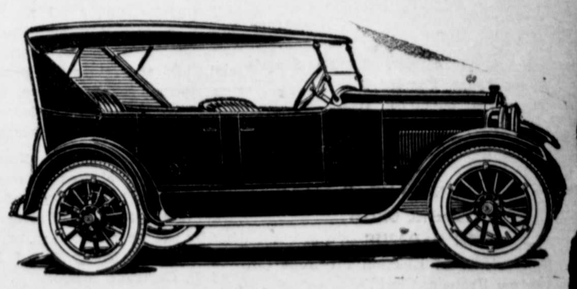

The front axle has been strengthened for greater margin of safety and redesigned to afford greatest possible ease in steering.

Springs Now Very Long and Underslung

The rear spring is underslung and semi-elliptical in type It is increased to 55 inches in length—ten inches longer than the old spring. Riding ease is now a feature of Dodge Brothers cars.

The front springs have been increased from 1¾ to 2 inches in width and are composed of more leaves of thinner stock, thus greatly improving riding comfort.
