May Have New Industry

Chestertown may have a new industry if sufficient women can be found to accept the employment offered by the A. J. Beacon Company to sew covers on baseballs at good wages. This work is to be done in the private homes of all who desire appointment, the company to furnish the materials to supply the sewing needles, to deliver the product to the homes and to call for it when finished. Eight of the residents of the town have accepted employment. The move is being fostered by the Chestertown Business Men's Association. See adv. in this issue.
