A TALK WITH A CHESTERTOWN MAN

Mr. Newton Tells Something of Interest to Chestertown Folks

There's nothing more convincing than the statement of someone you know and have confidence in. That's why this talk with Mr. Newton of S. College Ave. should be mighty helpful in Chestertown.

Elmer Newton, tailor, 113 S. College Ave., says: "I have used Doan's Pills several times when my kidneys were disordered and they have always cleared up the trouble. If I took cold, it always settled on my kidneys and caused me to have backaches that interferred with my work. I also had frequent headaches and my kidneys acted irregularly. I used Doan's Pills from Sterling's Pharmacy and they strengthened my back and kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Newton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The Turkey Market

The turkey market during the past week has been lower and slower. Dealers assert that the reason is that the poultry men send their turkeys to market too early ni the season. There was a fairly strong market the preceeding week, which brought about an effort on the part of the raisers to get all the stock they could into the market to get the benefit of the comparatively high prices, with the outcome that the receipts were greater than the market could absorb, and a erduction in prices resulted.

Turkeys are now somewhat stronger than they were at this time last year, and the chances are that the prices will be a little better the coming week. Just what the situation will be at Thanksgiving time is an uncertain quanity, and wholesale men are far from unanimous regarding the situation. Whatever the market is, Kent raisers are entitled to all they get from them.

Tree Planting In Kent

Thirty years ago the price o flumber was one-third that of today. So great has been the increase of the various uses of wood (though steel has replaced many of its former uses) that the Forest Service lists fifteen hundred specialized wood products. Over a million and a half carloads of lumber is uesd annually in this country, on which $275,000,000 freight is paid. Fully 95 per cent of all houses are wood built. To meet this demand, and remembering the devastation of forest fires, we are cutting five times as fast as they grow. A century ago France planted large national forests, and these trees saved the Allies from crushing defeats. Someone has called tree "good patriots." It is true. It is more patriotic and for the good of the country to plant a tree than shout your sentiments to the winds. How many men have ever planted a tree? We need tree planting in Kent County. They are investments for our grandchildren.

A Dorchester Island.

Elliatt's Island is a somewhat isolated place located in lower Dorchester county, being surrounded by the waters of Fishing Bay and a small stream over which a bridge is built, this forming the only roadway to the island. Before the road was built the only way to and from the island was in boats and in cold stormy winters much hardships was endured. The main road leads to Vienna with a few branch roads. They have a daily mail route over this road to and from Vienna and at present a young lady carries the mail. The population is now reduced to about three hundred and yet there are only two residence homes vacant. The houses vacated by those leaving are being occupied by those remaing. While many marry and leave some marry and remain on the island. The homes are fine and all modern conveniences are used by some, but the island life has made a wonderful progress for the last decade.

BRICE'S MILL

JOSEPH BRICE, Proprietor.

Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.
