CONCERT AT COLLEGE

Fink Trio, of Baltimore To Give Rare Treat Jan. 25.

Through the combined efforts of Miss Louise B. Russell, instructor in music, and Dr. Paul E. Titsworth, president of Washington College, the Fink Trio of Baltimore has been secured to give a concert at William Smith Hall on Friday evening, January 23, at 8.15 o'clock. Music lovers should turn out in large numbers to hear this celebrated trio in its first appearance on the Eastern Shore.

Mrs. Mary Muller Fink, harpist, of well known reputation in Baltimore, received her education at the Peabody Conservatory o fMusic in that city and has taken graduate work under Carlos Salzedo a great harpist and teacher of that instrument. She has played before many musical clubs in Baltimore and Washington and also in many colleges of the South.

Helen Kerr Ward, cellist, from Michigan, received her early education there and later came to Baltimore where she received the teacher's certificate at the Peabody Conservatory of Music anl is now taking a graduate course there. She has played two seasons with the Swarthmore Chautauqua with much success. It will be remembered that Miss Ward appeared before a Chestertown audience last year with great favor.

Geraldine Edgar, violinist is also a graduate of the Peabody institution and has studied abroad for several years. She also possesses vocal talent of worth and is always well received by her audiences. Miss Edgar will probably render several solos in conjunction with the program arranged by Miss Louise B. Russell for the evening.

The Fink Trio will give a very interesting and enjoyable program and it is hoped that the people of Chestertown and the vicinity will show their appreciation for the efforts of Miss Russell and Dr. Titsworth who arranged such a brilliant program, by their attendance.

Mythical Cities Of Shore

Worcester county, containing all of Maryland's claim to 40 miles of ocean frontage, may well be called a land of "Mythical Cities." Probably no other county in the country can boast of so much terra firma laid out on beautifully engraved plats with innumerable hotel sites, public squares, prospective trolley, steamship, railroad and ferry lines—all of which go to make up the city of huge pretensions.

Between the Delaware and the Virginia line is a narrow strip of land, averaging about one-half mile in width and belonging to the county. The Worcester land records show that the along this beach at intervals exist the "cities" designated as Seabay City, Wight City. Maryland Beach City, North Beach City, Fenwick Iity and Atlantic City.

Imaginary "Atlantic City" is the most pretentious of all, for there the ocean front property has been divided into 4,000 building sites, of which 3,000 have actually been disposed of to people of all classes, conditions and nationalities in every State in the Union. The city is charted as four miles south of Ocean City, Maryland's only actual seashore resort.

Eclipse Of The Sun.

For a few minutes on the morning of January 24 next, the moon will get between the earth and the sun and cut off all the light we get from that body. This eclipse will be visible in the United States, and it doubtless will be seen by more millions of people than any such occurrence in the past, according to Professor E. W. Brown, of Yale University. An eclipse is not a rare event, one or two occur every year, but the one next January is notable for the fact that it occurs in a territory from which the light of the sun has not been wholly obscured by the moon within the memory of any one living.

Money Carries Germs

Most people are willing to face a good deal of peril in order to get bank notes, whether they represent marks or kronen or good pounds sterling. But paper money has its dangers as well as its advantages, for it is sometimes a carrier of disease, writes the medical correspondent of the Children's Newspaper (London).

For most animals, paper, even dirty paper, is not a nourishing article of diet, though goats, rats and ostriches occasionally devour it; but germs seem to flourish on dirty paper money, and so disease may be spread from pocket to pocket and from hand to hand. Metal coins may also carry germs, but germs do not so easily attach themselves to smooth metal surfaces.

Investigations lately carried out at Berlin showed that disease germs are not infrequently found on dirty paper money, and germs of typhoid fever were found to live from 11 to 96 days.

No Election In 1925

Owing to the Fewer Election Amendment to the Sate Constitution, voters in Maryland will be permitted or compelled to take a rest in 1925. There will be no elections, State or county, next year and there will be no registration days. So far as registering and voting are concerned, the year will be blank. In 1926 will come the deluge. A full State ticket, a United States Senator, six members of the House of Representatives, sundry judges, various court clerks and county officials, to say nothing of members of the General Assembly, are to be elected. The State ticket will comprise candidates for Governor, Comptroller, Attorney-General and Clerk of the Court of Appeals.

Cleveland Discount Co. to Pay Out

Cleveland Discount Co. to Pay Out

Judge Powell of Cleveland, Ohio, has highly commended the receivers of this company for the way in which they have handled this big receivership. The Cleveland Discount Co., is now running at a profit for the first time in its history which is most unusual in a receivership and it is expected the plans will be headily accepted, bringing the receivership to an end and is now on a good financial basis.

The reorganization plans have been mailed to between 10,000 and 15,000 creditors and stock-holders according to Davis & Burns and each creditor will be paid 100%.

TUBERCULOSIS IN KENT

Twenty-six Deaths In County Last Year From Dread Disease

Tuberculosis in the United States kills yearly 150,000 persons. Most conservatively estimated, there are 1,000,000 active cases of tuberculosis today n the United States.

According to the best records available, there were 1991 reported deaths in 1923 in the State of Maryland alone. Active cases of tuberculosis in the State totaled approximately 17,000. In Kent County there were 26 deaths during 1923, and 234 estimated cases of tuberculosis.

A vigorous campaign is now being waged under the leadership of the National and State Tuberculosis Associations. Every County in Maryland is lending its aid in the eradication and prevention of this terrible scourge.

This fight against tuberculosis is your fight. It is being made for you. The disease comes so quietly; gets its hold on its victims so slowly, and is so general that we are apt to neglect it.

In contributing to the work of the Maryland Tuberculosis Association, and its County Branches, you are not giving to charity, but are helping to prevent the need for charity. You are investing in a protection to yourself and your family, as well as to the community in which you live.

About 95% of the support of the Maryland Tuberculosis Association comes from the proceeds of the Sale of the little Tuberculosis Christmas Seals. The larger the returns are for combating this terrible disease the greater will be the life saving results.

From 70% to 75% of the funds raised from the sale of the little Christmas Seal in each County is spent in this county.

In 1924 the Maryland Tuberculosis Association conducted in Kent county 10 tuberculosis clinics. In addition to this the State Association maintains the Children's Preventorium at Claiborne, Maryland, the Modern Health Crusade Work in the schools, Industrial and Educational Prevention work.

PROTECTING THE INVESTMENT

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children which I should think were worth thirty thousand dollars to any man."

A family is indeed a golden investment and needs the same protection and care that any investment requires.

For generations the editors of The Youth's Companion have felt the same responsibility to the families of subscribers as if those families were their own. In taking a subscription they have accepted a trust; they have done their part to see that the family investment increased in value through the development of character and a taste for the good things in life.

The 52 issues of 1925 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1925.
2. All the remaining issues of 1924.
3. The Companion Home Calendar for 1925. (Sent only on request.) All for $2.50.
4. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only $3.00.

Mr. Perkins Doing Good Work.

Mr. Thomas W. Perkins, of Chestertown, is doing good work in the settlement of the affairs of the Second National Bank, of Elkton, which failed several years ago.

The United States Supreme Court has handed down its decision in the matter of the Gilpin Falls Electric Company of Elkton, and has ordered accepted the bid of $100,000 for the property made by the Elkton Electric Company, a subsidiary of the Eastern Power Co. Thomas W. Perkins and J. Wesley McAllister, receivers for the Gilpin Falls Company, will receive their checks this week, which they in turn, will turn over to the receivers of the defunct Second National Bank, Elkton. It will be remembered that this offer was made by the Elkton Electric Co., and was accepted by the court of Cecil county and the money has been on deposit for over a year in the Lancaster Trust Company pending the decision of the Supreme Court as to the validity of the transaction.

Train Demolishes Truck

The Kent train ran over a truck belonging to Mr. Preston Crowding, of Worton, on Thursday morning. Mr. Crowding was driving the truck when the accident occurred. He was rendered unconscious, but not seriously injured. The truck was loaded with hogs, many of which were killed. The truck was completely demolished. The train was not damaged.

Dr. Cadman In High Office.

Dr. S. Parkes Cadman, of New York, well known in Chestertown, where he has lectured several times, has been selected by the executive committee as the nominee for president of the Federal Council of Churches at Atlanta. The nominee for recording secretary is Dr. R. D. Lord, of New York, who has served in that capacity many years. Frank H. Mann, New York, president of the Union Mortgage Company, was selected to succeed Fred R. Kimball, also of New York, who asked to be retired after ten years as treasurer.

MORTGAGE PAID

Do you pay your mortgage? No, you pay interest on it, and will it to your family after you, with your blessing.

WHY NOT HAVE A SELF-PAYING MORTGAGE?
on your farm

The Kent and Queen Anne National Farm Loan Association will lend you money, on a self paying Mortgage.
