THE AMERICAN PRESS ASSOCIATION

THE FIRST practical illustration of the great business prosperity promised by the present Republican Administration and the financiers of this country, reached this office a few days ago from a wholesale paper house in Baltimore, stating that an advance in paper of from 5 to 10 per cent. had been announced. We have not, however, had any notice of any advance in the price of what the farmer has to sell, except wheat, all of which is now practically in the possession of the speculators.

MARYLAND FARMERS MEET

Over 1200 at Cambridge to Opening Meeting.

Maryland farmers met at Cambridge in annual session on Wednesday and Thursday. Over 1200 were present at the first session.

In his address to the Maryland Farm Bureau Thursday afternoon, President E. P. Cohill recommended that the cost of growing farm products be reduced; trat marketable produce be standardized; that common and off-grade stuff be kept at home, and that farmers use containers to conform to market requirements.

The report of M. M. Stewart, secretary-treasurer, showed the financial condition of the Maryland Farm Bureau to be in splendid condition and it told the business of the Maryland Agricultural Corporation has grown from $70,000 in 1922 to more than $1,000,000 in 1924.

Prize winners at the Maryland Corn Shoy, held in connection with the convention, were: Grand champion trophy, Henry Rigdon, Harford county; sweepstakes, yellow Dent corn, Henry Rigdon, Harford county; sweekstakes, white Dent corn, Wilbur Milburn, Cecil county; and sweepstakes, Boys' Agricultural club, Hubert J. Null, Carroll county.

Mr. and Mrs. Thomas Massey, of Kent, were on the receiving committee.

Mr. E. P. Cohill will probably be reelecter president.

DUCK SHOOTERS FINED

Piney Neck Men Arrained for Shooting Wild Fowl From Boat.

Game Warden, Edgar J. Watson on Saturday swore out warrents for the arrest of Messrs Selby Beck, Charles Beck, and Madison Coleman, of Piney Neck, charged with shooting ducks from a boat, and for Messrs.John Glenn Clarence Edwards, Avery Ashley and John Middleton for shooting wild fowl on days not allowed by law.

On Wednesday the men were tried before Justice Robert Moffett in Chestertown, who found Selby Beck, Charles Beck and Madison Coleman guilty and fined them $100 and costs, also confiscating their boat, worth about $300. These men have taken an appeal to the circuit court, which meets here in April.

John Glenn, Clarence Edwards, Avery Ashley and John Middleton were all found not guilty and dismissed.

S. Scott Beck, Esq., represented the State of Maryland, while H. W. Vickers, Esq., and Wm. Frazier Russell, Esq., represented the defense.

To Music Lovers

A concert of interest to music lovers of Chestertown will be given by the Fink Trio of Baltimore at William Smith Hall on Friday evening, January 23, at 8 o'clock. Mrs. Mary Muller Fink, leader and harpist of this well known trio, has had wonderful success in the past, appearing before audiences in most of the colleges of the South. She has had extensive training and is a fine entertainer.

The other two members of the trio are Miss Geraldine Edgar a violinist of note and Miss Helen Kerr Ward, cellist. Both have had extensive experience and were prepared at the Peabody Conseratory of Music in Baltimore.

Considerable effort and expense were put forth by Miss Louise B. Russell and Dr. Paul E. Titsworth in order to bring these wonderful entertainers to Chestertown and it is hoped that their efforts will not have been in vain. A very pleasing and suitable program has been arranged by Mrs. Mary Muller Fink and it will be well worth hearing.

Thrills for Speeders

Whether it is actually put into practice or not, we cannot say with authority, but a plan of dealing with speeders reported from New York has much to commend it. As a punishment for reckless driving, the offender is forced to take a ride in an aeroplane, piloted by an expert, who shoots through space at terrific speed, with variations in the way of dips, tail spins and a few loops. This treatment is said to be very effecetive in taking the speed mania out of the culprit and causing him to dread a second sentence. Automobile speeders are not, as a rule, particularly courageous. Generally they do not realize the danger to which they subject themselves and others. The treatment described above seems quite appropriate.

Weakening Night Coughing Banished Very Simple Way

It is really astonishing how a persistent, exasperating cough that has kept you awake night after night, and is rapidly wearing you down is usually stopped short by a very simple method. Hundreds have found that they can sleep the whole night through undisturbed often the first time they try it.

The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. Getting at the cause like this, in a perfectly simple way, it stops the spells almost instantly, you get your best night's rest perhaps in weeks, and in a very short time the whole cough condition is gone.

This simple treatment is splendid not only for coughs and chest colds, but also for bronchitis, bronchial asthma, hoarseness and almost every kind of throat irritation, including children's spasmodic croup. Very economical too, as the dose is only one teaspoonful. On sale at all good druggists. Ask for
