Get the Grinding Habit

IF a food expert came along and outlined a plan to you whereby you could save from 12 to 26 per cent of the food you and your family have been in the habit of eating — if he outlined such a plan which would not necessitate any sacrifice on your part, you'd follow it, wouldn't you?

While we won't attempt to tell you how you and your family can live more cheaply, we will, however, undertake to outline a very simple plan whereby you can save from 12 to 26 per cent of the feed ordinarily eaten by your live stock, involving no sacrifice to the stock. It is just this — *Grind your Feed!*

Ground feed is readily digested so that the full food value is utilized and converted into beef, butter, horse power or pork. The saving over feeding whole feed, as already indicated, amounts to from 12 to 26 per cent, which represents the proportion of whole feed that passes through the intestinal tract undigested — wasted.

Get the Grinding Habit — and do your grinding with an **International Feed Grinder.** Made in three different types — grain and shelled corn grinder, corn-on-the-cob grinder, and corn-in-the-husk grinder. We sell them. You know where we are located.

FIRE COMPANY ACTIVE

Plans Completed For Turkey Dinner Other News

Arrangements for the turkey supper to be given Thursday, February 12th by the local Fire Company is well under way and we suggest that all who desire to attend, to purchase their tickets at once as preparations will be made only for those holding tickets, the sale of which will be discontinued on Saturday, February 7th.

Refunds on all tickets purchased on the auto-radio raffle, inaugurated by the Chestertown Volunteer Fire Company, to raise funds for a county-wide apparatus is complete. The fire company is exceedingly anxious to get this matter straightened out and request that all who receive checks, kindly have same cashed, or if they desire, to return them as donations, do so at once.

The following members of the fire company have been chosen and sworn in as guards to act during a fire: viz: Eben F. Perkins, Wm. A. Burk, J. W. Kirby, Harry Fowler, Hylie Crew John Hendrix and John Jester. These men are empowered by a town ordinance to protect the fire equipment and anyone willfully driving over the hose or otherwise hinders the firemen, subject themselves to arrest and are liable to a penality.

The local Fire Company is one of our most necessary institutions and should receive the hearty support of all our people in any measure that will make their equipment more efficient. Firemen are among the greatest benefactors of all people. When the dread fire alarm sounds at night, they are the first on the scene, and in doing so they risk, at times, their health, while in fighting the flames their safety is menaced by thedread flames and falling timbers and the drenching often received on wintry nights. Let's all get behind the Fire Company and equip them thoroughly and efficiently.

WASHINGTON COLLEGE

The examinations are nearly over and there is a mixture of relieved and anxious expressions on the hill. It seems to be the general opinion that the exams were harder this time than they were before. It is hard to tell whether this is a result of the ever rising standard or whether it is just that they are the last and therefore the easiest to remember.

Most of the fellows will have a chance to go home for a while before the next term opens on Wednesday so the hill will be pretty well deserted this week-end.

The new catalogue has gone to press. It shows quite a number of changes this year. Perhaps the most radical are in the Political Science, Economics and Commerce Groops. Several new courses are being offered in these branches and the Commerce Groop will lead to a new degree of B. S. of Econ.

At the chapel exercises next week there will be a musical program arranged by Miss Louise Russell. Those scheduled to take part are Mrs. Fred. Usilton, Miss Elizabeth Covey, Mr. Norman Graves, Mr. Daniel Hall and Miss Russell. The program will be made up of selections on the piano, the violin and vocal. The students are looking forward with a great deal of pleasure and expectation. This is the first program of the kind at the regular assembly period for a number of years. The public is cordially invited to attend. The time is 11 a. m., Thursday morning, Feb. 5.

Mr. Swepson Earle has at last set another date for his long delayed visit He is to speak at the chapel exercises, Feb. 12. Many people of the town will welcome this notice we are sure as they have made many inquiries about Mr. Earle's coming. Everybody come up and lets give him a full house and a good hearing.

BETTERTON ITEMS

The blizzard brought back the fine coasting and it was enjoyed for several days.

Chautauqua will be held in Betterton February 6th, 7th, 8th and 9th. This is a week when the entire community takes a vacation.

The Patrons Club held their monthly business meeting in the high school building last Friday evening. They voted to buy new curtains for the stage and also have the platform painted before Chautauqua.

Mr. and Mrs. Norman Crew have returned from their honeymoon and are occupying their new home on Main Street.

Mr. Eddie Myres who is at the Mercy Hostital for treatment, we are glad to say he is improving.

Captain Harvey Brice and Mrs. Violet Crew, his niece, sailed for Florida last Friday where they will spend several weeks with Mrs. Crew's brother, Mr. G. Herbert Moore.

Mr. Talbott Jones of Montana is visiting his sister Mrs. Arthur Brice.

The Fairlee Minstrel Tropue gave a very good entertainment her last Monday evening for the benfit of the Epworth League.

Mr. and Mrs. Alpheus Smith will move into the house vacated by Mr. Brice.

Mrs. Mattie Tull is spending some time with her daughter, Mrs. Charles Elzey in Baltimore.

Miss Louise Crew is visiting Mrs. Fannie Munsner of Baltimore.

Miss Katherine Wheeler spent the week end with Mr. and Mrs. Charles Gooding in Wilmington.

Mrs. Anna Smythe Brice was absent from school for several days last week, suffering with tonsilitis.

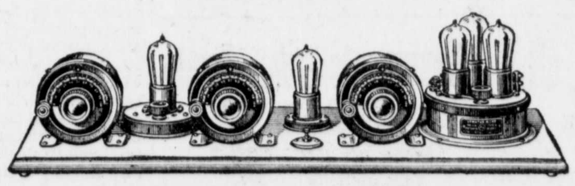

Mumps are still prevalent, there being four new cases this week.

WEDDINGS

Betterton M. E. Church was the scene of a brilliant affair Thursday evening when Miss Ethel S. Wilmer the accomplished daughter of Mr. and Mrs. Ewell L. Wilmer, and Norman A. Crew, son of Mr. and Mrs. Wm. H. Crew, and one of Betterton's active business men, were united in holy matrimony by Rev. E. M. Shockly. The church was beautifully decorated for the occasion and was filled with interested friends.
