THE INAUGURATION of President Coolidge was marked by extreme simplicity. It only took one hour for the parade to pass the White House. The leading theme in the President's inaugural address was economy, lower taxation and the World's Court. Vice-President Dawes' address to the Senate was the sensation of the day and was a blow to Senatorial dignity. It looks as if that body is to have some surprises in the coming Congress.

FIRE COMPANY TO STAGE BIG SHOW MAY 4, 5, 6

Professional Producers Engaged—100 Local People To Take Part

The Chestertown Volunteer Fire Company, at their regular meeting on Monday night, made arrangements to stage a big benefit show, at the Lyceum Theatre, on May 4 5 and 6, and have engaged the Wheeler Producing Company, of Pennsylvania, professional producers, to stage the show.

Mr. Wheeler, representing the Producing Company, was present at the meeting, explained the show in detail, and contracts were signed by the Entertainment Committee of the local firemen.

"Hip Hip Hooray," the show to be staged, is far different than the usual home talent entertainment, being a big Minstrel-Musical Revue in five big scenes, comprising many novel and unique features consisting of children's scenes, a feature Japanese offering, "My Dream Girls," an electrical swing novelty, the "Kiss Me Dolls" also an up-to-date Minstrel revue. The show is to be elaborately staged with special costumes, scenrey, and electrical effects, and will have the largest cast ever assembled here for a local entertainment, about 100 of Chestertown and Kent counties best talent to take part.

The Wheeler Producing Company, are considered among the best in this line of work, and have but recently staged big shows in all the principal Shore towns, having staged two big revues for the Asbury M. E. Church at Salisbury, two annual revues for the Cambridge-Maryland Hospital, at Cambridge, also shows at Crisfield, Pocomoke City, Cape Charles and Delmar. The papers of our neighboring towns speaking in flattering terms of their productions.

The Fire Company are using this means to raise some needed funds to help pay for the new apparatus, and the support of the community is assured.
