THE PARK & POLLARD CO'S CHICK STARTER

WITH BUTTERMILK

Will Save Your Chicks And Make You Money

GROWING MASH

FINE CHICK

If this feed cost ten cents a pound, you could not feed them better. *There is no better feed. They grow like magic seemingly over night.* On it you will grow your pullets a pound or more heavier and get them to laying a month or six weeks earlier than on other rations.

Plainville, Conn., July 1, 1922.
I always use your feed preparation and have no difficulty in getting results to make my birds grow with your **Growing Feed.** I have not lost one chicken in four years and this is due to the fact that I follow your directions and use your feeds.
This chicken raising is a little pastime and hobby but I believe my success would not be as great without **Park & Pollard** feeds.
(Signed) Dr. L. C. Tanner.

Your chickens will not have fall leg weakness on this ration. We have provided the element that prevents it.

Be sure you get **The Park & Pollard Growing Feed.**
