SUGGESTION to TURKEY RAISERS

One of our successful turkey raisers called our attention to the fact that since the grass has gotten so dried up her turkeys are eating more feed and drinking more milk. In other words she is supplying what Nature in withholding, and her turkeys are living.

Do not cut the milk ration short, but buy powdered milk and also your turkey mash from METCALFE BROS.

This milk is being successfully used by Mrs. H. M. Baker.

Fish Hatchery At Crumpton

There is located at Crumpton on the Chester river a state fish hatchery which has been of great assistance to the State Conservation Commission during the past spring in restocking the waters of the Chesapeake Bay and tributaries with young fish; 80,000 young shad two inches in length recently being liberated. There have also been liberated 64,800,000 yellow perch; 20,032,000 white perch; 2,622,000 shad besides the 80,000 two-inch size; 150,000 pike, and 960,000 herring.

Buck Hergog is now managing the Eastern Club in the Eastern Shore League.

Flowers has made six home runs in nine games with the Oakland Club.

Jack Carroll is pitching good ball for a Waterbury baseball club. A few seasons will see Carroll developing fast.

Lefty Stern, City College athlete, will enter Washington College next year, it is said.

The Fire Company

The local fire company had two county calls for assistance on July 4. About 4.30 p. m., Truck No. 2 was sent to the farm of Mrs. Evelyn Harris, near Betterton, to extinguish tree, set ablaze by a fire cracker. The tree was dangerously near the dwelling which the blaze threatened. About 1.30 a. m., Sunday morning, a call came from the farm of Nelson Hunter, three miles below Church Hill on road to Roberts, where the barn had been struck by lightening. Truck No. 2 made a quick run, and saved the other buildings nearby. The loss consisting of a barn. cow shed and one horse, was covered by insurance.

Good Tomatoes

Mr. Josiah Massey, of near Goose Hill, has one of the finest patches of tomatoes in Kent. Mr. Julian Jones in the same vicinity also has a fine patch of about 20 acres. On the farm of Postmaster John N. Bennett, near Still Pond, there is also a fine crop of tomatoes being grown by Mr. William Ford.

Generally speaking Kent's tomato crop is in fine shape and the prospects are for a most excellent crop. The heavy rains of this week have broken the drouth in time to vrevent any considerable damage to corn or tomatoes, although the pasture fields had become barren and were damaged by the drouth.
