## Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

## Radiotrons

Pep up that Radio Set of yours by having your tubes REJUVENATED. After a set of Radio tubes have given service all winter they're in no position to properly detect and amplify the weaker signals of summertime. REJUVENATION of such tubes will tend to very greatly improve summertime Radio Reception and make it possible for everyone to enjoy the splendid SUMMER PROGRAMS.
