The Camera of the year

No. 1A
Pocket Kodak
Series II
(Focusing Model)

Equipped with Diomatic Shutter and Kodak Anastigmat lens *f*.7.7.

$26

Pictures 2½ x 4¼

By a simple lever mechanism, the front snaps instantly into picture position—ready for business. This Kodak is equipped with the Kodak Anastigmat lens *f*.7.7. and Diomatic shutter, four speeds, 1/10 to 1/100 second.

There's a sliding, timing scale to fit the exposure to the light. A finger-tip turn of the lens mount sets the focus.

This superior lens and shutter combination means better timed, sharper negatives—the evidence is plain in the prints.

The No. 1A Pocket Kodak is on display at our store. Come in and look it over.

Circus For Chestertown

Arrangements were made today for the appearance of the Walter L. Main shows in Chestertown Monday September 14, on Washington Ave. The announcement of the coming of this famous tented organization, now in its 46 year, is attracting a great deal of interest among the lovers of the dear old "white tops."

"During the almost half a century the Walter L. Main Shows has been on the road," said L. C. Gillette, the general contracting agent, "it has grown and prospered until today the equipment and paraphernalia has set a standard by which many other organizations are patterned. Walter L. Main, early in his career as a showman, adopted a platform of honesty and square dealing with the public. This together with a policy of decency and cleanliness has enabled him to reach the zenith in his field."

A special train of double length railroad cars will bring the big show here. The paraphernalia and equipment represent an expenditure of more than three quarters of a million dollars. There are upwards of 500 men and women and 200 horses with the show; almost ten acres of tents; a herd of elephants, a caravan of camels from the great desert. The menagerie will be fully up to the high standard of excellency maintained by Walter L. Main in other years. The performance this season will see scores of added European features and novelties. The champion riders, acrobats, aerialists, gymnasts and equilibrists of Continental Europe and America will be seen.

There will be two performances at 2 and 8 p. m., the doors opening an hour earlier to permit a visit to the zoological collection or to enjoy a concert by the military band. An immense street parade will be see on the downtown streets at noon on show day.

To Complete Piney Neck Road

New Piney Neck State Road To Be Completed By Kauffman Company

The banks will furnish the money for the completion of the road upon guarantees from the commissioners and the State Road Commission that the lateral road fund to become available next year will be diverted to the payment of notes furnished by the taxpayers of the section in which the road is to be built.

The completion of this road to the water means much to that section of the county, as it not only improves one of the worst pieces of dirt road in the county, but furnishes a quick outlet for the shippers and watermen in that section to get their produce to Rock Hall or Tolchester, where steamboat connection is made with Baltimore.

The contractor will begin work immediately, as his equipment is already on the ground, and it is expected to have the extension completed before winter.

The contract to build the new Piney Neck State road to the boat landing at Long Cove has been awarded.

The Kauffman Construction Company, which built the first mile and a half of the road extending from Coleman's Corner on the outskirts of Rock Hall to Crosby's Store in Piney Neck, has been awarded the contract on a bid of $20,227.

Chairman Mackall, of the State Roads Commission, and Senator W. B. Copper, of this county, acting for the taxpayers of Piney Neck, arranged the financial end of the contract in order that the road might be finished this year, instead of being compelled to wait until next year, when the lateral road fund provided by both the Board of County Commissioners and the State Roads Commission may become available, the lateral fund being used for such purposes only and appropriated only once a year.

—Final preparatiins are being made for the great dual celebration which will be held at New Castle in Tuesday, September 1, to commemorate the opening of the New Castle Pennsville Ferries, Inc., between these two places and the fiftieth anniversary of New Castle's existence as an incorporated city.

—Constructed twenty years ago at a cost of $30,000 and regarded today as one of Centreville's most profitable business properties, Centreville Opera House, on Commerce street, was purchased last week by T. Edmond Dening.

—Mr. J. M. Linstead, florist for Mr. E. R. Anthony for the past year, has accepted a call to the ministry and has resigned to take effect Sept. -. Mr. Linstead will go to Wilmington and take a church of the Baptist faith.
