Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

A WISH

By Edgar A. Guest

This I should like to be:
Big in my little way,
Malice and envy free,
Strong through the day;
Willing my task to do,
Patient and fair.
Unto my fellows true,
Humble in prayer.
Past purse and pride I'd go,
Striving to find
More ways than now I know
How to be kind,
Faithful to every trust
True to my light,
Honest and clean and just,
Keeping the right.
When the brief race is run
This be my praise:
Whether I've lost or won,
Manly my ways;
Though in life's mire and scum
Often I fall,
God grant my soul may come
Clean through it all.

for WALLS of greater strength

Ask any builder who has used *genuine* Bestwall Plaster Wall Board, about its extra strength. He will tell you not only that it builds a stronger wall, bracing the framing and resisting the hardest usage, but that its strength saves loss in application and allows of greater speed of application.

It is built of the finest gypsum rock plaster and always perfectly set. It is faced on either side by extra strong fibre which will not separate from it under any conditions. Only the genuine has the creamy front surface prepared to take paint or paper better than any other on the market. Ask us for a free sample. Test it and compare.
