CENTREVILLE OUTFIT SCORED

Referring to the Centreville fire apparatus in the recent Carnival parade here, the Observer somewhat pungently remarks:

"Centrevillians who were in Chestertown last Tuesday evening when Eastern Shore fire companies participated in the Carnival parade, certainly had no particular cause to feel proud about anything except the SPIRIT shown by members of the Good Will Fire Company.

"For Centreville's fire-fighting equipment showed up as the POOREST on exhibit in the parade.

"The efficiency of the local department is truly amazing when the fact is considered that they have about the most unpretentious equipment of any shore town on the Shore.

"Perhaps because of the very EFFICIENCY and WILLINGNESS of the Good Will Firemen, we have been slow to realize just how sadly we are failing to keep abreast of other communities.

"Some of the practical, unsentimental element of our citizenry may fail to realize that the only remuneration enjoyed by the volunteer firemen is that measure of PRIDE which they may experience in having a department equipped so that it will compare favorably with the other departments of the Shore."

ELEVATED IN MASONRY

Selected from among thousands of Masons throughout the United States, William E. Valliant, formerly of Chestertown, but now of Laurel, Del., has been nominated to receive the Thirty-third Degree in Masonry next year.

He is the second native of Queen Anne's county honored by this degree, Edword G. Walls, of Smyrna, Del., having been elevated several years ago. Both spent their early manhood in the Second District of Queen Anne's county, later removed to Delaware and were honored with terms as Grand Master of the Grand Lodge of Delaware.

Mr. Valliant is a son of the late Edwin S. Valliant, and Mrs. Mary T. Valliant, who now resides in Church Hill.

CARNIVAL NETS PROFIT

BIG FIRM REALIZED FOR BENEFIT

The carnival for the benefit of the Chestertown Volunteer Fire Company ended last Saturday night in a blaze of klory and a crowd, almost unprecedented, packed the town, and automobiles occupied almost all the available parking space. It was a fitting ending to a week of pleasure.

The popularity contest was brought to a close at nine o'clock Saturday evening, and the ballots were counted, whereupon Mr. Wm. G. Smyth, president of the Fire Company was called to the popularity booth to make the awards; Miss Elizabeth Crew, daughter of Mr. and Mrs. James T. Crew, as Miss Betterton, having received the largest number of votes, was crowned "Miss Kent County," and presented with $20 in gold; Miss Rebecca Jarrell, of Chestertown and Miss Elizabeth Smith, of Fairlee being runners up in the contest, were also awarded gold coins.

At about 11.30 the automobile, for which several thousand chances were sold, was given away. After a fair and painstaking drawing of the lucky number, it was announced that number 47, series 1 E, belonging to Mr. Clarence Kennedy, of 3711 Belair Road, Baltimore, Md., a former Kent Countian, was the fortunate person. Mr. Kennedy purchased his ticket but two hours previous to the drawing, it being his only donation to the fire company, thus for 47c he drove away a $1,000 automobile.

While the exact amount of receipts and disbursements for the carnival are as yet unavailable, it is estimated that the receipts will amount to somewhat over $10,000 from which sum is excepted to net the fire company around $5000.

The carnival was such a success that it will be repeated next year on a larger scale.

WORLD'S SERIES TIED.

The game yesterday was to have been played in Washington but indications were that rain would prevent the game when we went to press. Seven games will be played.

The Junior Series between Baltimore and Louisville, of the International and American association, respectively, has resulted in each team having won three games to date. Nine games will be played
