## AUTUMN

By Edgar A. Guest.

I want to come to autumn with the
silver in my hair
And maybe have the children stop to
look at me and stare;
I'd like to reach October free from
blemish or from taint,
As splendid as a maple tree which
artists love to paint.
I'd like to come to autumn with my
life work fully done
And look a little like a tree that's
gleaming in the sun,
I'd like to think that I at last could
come through care and tears
And be as fair to look upon as every
elm appears.
But when I reach October full con-
tented I shall be
If those with whom I've walked thru
life shall still have faith in me,
Nor shall I dread the winter's frost,
when brain and body tire
If I have made my life a thing which
others can admire.

## CLUB WOMEM TO MEET

Club women all over the country are making plans to attend the fall meeting of the Council to be held at the Auditorium of the Chestertown High School on Thursday October 29th, beginning at 11.00 a. m. sharp.

The principal speaker will be Dr. J. H. Mason Knox, Chief of the Bureau of Child Hygiene and Associate Professor of Chidlrens' Diseases at the Johns Hopkins University. Dr.Knox will talk on "The Nutrition of the Present School Child."

## HOG CHOLERA IN KENT

A case of hog cholera was found this week on the farm of George Biddle, Cherry Lane, near Crumpton. This is the first case reported in this County and the authorities that the nearby farmers will protect have their hogs vaccinated. Otherwise there may be a repitition of the conditions that now prevail near Galena, Lambsons and Black. There is no economy in putting off vaccinating hogs until same are sick. This always results in unnecessary losses and usually the cost of treatment after Cholera has appeared in a herd is greater, because the sick hogs, if treated, should be given large doses of serum. If your hogs are sick promptly call in your veterinarian. Also report all cases to County Agent Derrick's office at Chestertown.

## NEW PRODUCE YARD

The Pennsylvania Railroad will in the near future begin the construction, in South Philadelphia, of its new produce yard and other extensive facilities for the most efficient handling of the city's rapidly growing fruit and vegetable traffic, now approximating 40,000 carloads yearly. The new yard will be located on a 41-acre tract, which the Company has purchased, between Delaware Avenue on the east, Vandalia Avenue on the west, Packer Avenue on the north and Pattison Avenue on the south. It is expected that the entire project, as now contemplated, will, upon complete development, represent an investment approximating $3,000,000, which may be increased in the future as additional facilities are found necessary with the growth of the fruit and vegetable traffic.

## REFUSES TO CALL A SESSION

Governor Ritchie recently declined to call a special session of the Legislature to provide additional funds for the eradication of bovine tuberculosis by condemning and killing infected cattle. He stated that he had been asked to do so by H. D. Allebach, of Philadelphia, president of the Interstate Milk Products Association, who inclosed a copy of a resolution adopted on October 6 at Westminster, Md., by representatives of a number of associtions of Carroll County interested in dairying. The Governor said that he was authorized to call the Legislature in special session only on "extraordinary occasions" and that he did not understand the present situation justified him in taking such a step. He said he had consulted leading health authorities, whose expressed opinions were of a reassuring nature.
