I hope to *tell* you!

PRINCE ALBERT is the greatest little trouble-shooter you could pal around with. It smooths out your smoke-wrinkles toot-sweet. It's got everything you ever wished for in a real, honest-to-Pete smoke . . . and nothing else except! Clamp on the ear-phones and get this message of jimmy-pipe joy.

No matter what your previous experience has been in trying to smoke a pipe, forget it. Write it on the ice! You *can* smoke a pipe if it's packed with P. A. Yes, *sir!* For a fact, they'd have to *sue* you to get that jimmy-pipe away from you, once you give P. A. a work-out.

Cool and sweet and fragrant, P. A. puts a padlock on pipe-worries and throws away the key. Can't bite your tongue or parch your throat. The Prince Albert process fixes that. Just downright, deep-rooted contentment—morning till midnight.

Quality without a doubt. And quantity too. You get more for your money both ways when you smoke P. A. There are TWO full ounces in every tin. (Look at the U. S. revenue stamp.) Get going! Steer straight for the store where they hand out such happiness in tidy red tins. It'll be P. A. for yours after that.

*P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.*

*Look at the U. S. revenue stamp—there are TWO full ounces in every tin.*
