ASSAULTS CENTREVILLE JAIL

A mob of several hundred made an unsucessful attempt to lynch Joshua Tiller. a negro, at the Centreville Jail on Monday night, after an attack had been made on the building. The negro was confined therein charged with an attempt to assault a four-year-old child of near Millington. After entering the jail the mob, which lacked leadership, could not gain entrance to the strong apartment wherein Tiler was confined.

P. A. put a padlock on tongue-torture

PRINCE ALBERT never owned a teething-ring, because it never had teeth! And never will. The Prince Albert process cut out bite and parch right at the beginning. And your tongue says "Thank you!" every time you load up that old jimmy-pipe with cool, comfortable P. A.

Watch the sun break through the smoke-clouds the minute you get going with good old P. A. Cool and sweet and fragrant, P. A.'s true-blue smoke zooms up the stem and throws pipe-grouches for a loss. You'll feel like a boy with his first week's pay. Never any tobacco that rang the bell like that before.

Men who gave up trying to smoke a pipe have tried again *with Prince Albert* . . . and stuck! Because P. A. has what smokers want—deep-down satisfaction and no regrets. Genuine pipe-pleasure and no mistake. You'll say so.

And not only do you get quality in Prince Albert, but quantity as well. There are TWO full ounces in every tidy red tin. Just take a look at the U. S. revenue stamp. It's there in Uncle Sam's own wording. Get yours today. Every minute counts when you're just hankering for a *real* smoke.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.

PRINCE ALBERT

—no other tobacco is like it!
