## LESS WHEAT ACREAGE SOWN

It was brought to the attention of several large farmers recently that there is an unprecedented acreage of land that has not been sown in wheat this fall. Bad weather conditions combined with a shortage of labor is the cause. It is even predicted that a large acreage sown late this fall will fail to grow, because of the lateness and the continued wet weather. Of course a few farmers have occasionally been unable to get wheat in the ground, but only a few. This season however the number is large and competent authority says that as many as a thousand acres are not seeded at all. This will bring about a heavy loss to farm owners and tenants. Not in many years has such a condition been noted in Kent county. Reports from adjoining counties are that a similar condition exists there. Corn husking is greatly delayed, and it looks in many cases that it will be a long time before the corn crop is entirely husked. Short labor is responsible in this instance besides unsuited weather.

—Four Eastern Shore farmers making sweet cider for sale have been required to report to District Prohibition Commissioner Edmund Budnitz at Batimore, for permits to conduct the business. Prohibition filed agents have been instructed to warn farmers not having permits that they are liable to penalties unless their plants are properly certified, under the regulations governing the making of fruit juices for sale, for beverage purposes

Again Buick has won first place in the motor car industry. This year, as in every one of the preceding seven, the public has invested more dollars in Buick automobiles than in other cars built by any member of the National Automobile Chamber of Commerce.

This entitles Buick to first choice of display space at the National Automobile Shows in New York and Chicago.

For eight years Buick has dominated quality motor car sales, enjoying nearly a decade of leadership, while a host of other fine cars were striving for the place of honor held by Buick.

A better idea of the magnitude of this Buick achievement may be obtained when you consider that to duplicate it, a motor car would need to capture first place now, then hold it continuously until 1934.

To have won the lion's share of public preference, year after year, for so long, conclusively shows superior merit in the Buick product.

Buick has built a better motor car, and public recognition has followed—has singled it out as the one car among all—which contains in the greatest measure the essentials of dependable, economical and luxurious motoring.

# Save now for a Chevrolet

We Pay You 6%

Get ready to drive a new Chevrolet. It's easy to do the Certificate way.

Come in tomorrow and choose the model you prefer. Make the first down payment—say $5—and we issue to you a Chevrolet Purchase Certificate that pays you 6%. Weekly or monthly you keep adding to your Certificate savings. When your payments plus this 6% interest equal the cash delivery payment, you drive the car away and take care of the balance in regular monthly installments on the lowest time payment plan in existence.

All money which you pay on your Certificate is deposited in a trust fund at a bank. In addition to this safeguard for your Certificate payments, both the bank and we ourselves are insured by a strong, well-known insurance company so that absolute protection for your funds is assured.

If you now own a car, we will credit your Certificate with an additional 6% on all service, repairs, and accessories which you buy from us. This is in addition to the 6% interest earned on the money you invest in your Certificate.

Here is the simplest, safest, easiest, thriftiest way to buy a car ever devised. Come in today! Learn how easy it is to own a quality Chevrolet.
