THE CRABBING INDUSTRY

Legislation relative to the crabbing industry is still being urged by the State Conservation Commissioner.

So far it has been impossible to get the state of Virginia to agree to any definite plan of legislation that will protect crabs during the winter.

The crabbing industry is rapidly declining in Virginia, and one can hardly call it an industry in this state outside of Crisfield.

It is imperative that means be taken at once to assure to the watermen of this county as well as to the watermen throughout the State, that their livelihood should not be jeopardized.

Mr. Earl has devoted considerable study to this question and is doing everything to bring the matter to a satisfactory conclusion.

Another conference relative to crab legislation will be held at 1 p. m. Thursday in the office of Swepson Earl, State Conservation Commissioner. The Federal Government and Maryland and Virginia will be represented.

The recommendations evolved, Mr. Earl said, will be based upon the finding of a year of investigation of crab life throughout the Chesapeake Bay.

Besides Mr. Earl, participants in the conference will be Lewis Radcliffe, Deputy United States Commissioner of Fisheries; O. A. Settee, of the United States Bureau of Fisheries, and W. McDonald Lee, Commissioner of Fisheries for Virginia.

CONOWINGO DAM ASSURED.

The $52,000,000 hydroelectric power plant at Conowingo virtually is assured. It hinges only upon an agreement between the Pennsylvania Public Service Commission and the two Pennsylvania corporations concerned. Harold E. West, chairman of the Maryland Public Service Commission, made an announcement to this effect Monday. Changes in the proposed fininctal set-up of the project which are demanded by the Pennsylvania commission were announced Monday. The acceptance of these conditions by the companies is tantamount to an order to begin the preliminary construction. Mr. West said, in view of the fact that the Maryland commission and the Federal Power Commission are prepared to approve the project as soon as the agreement is reached. Mr. West said there was no basis for an estimate as to the date this might occur, but added that it might take place within several weeks.

MEMBERSHIP CAMPAIGN

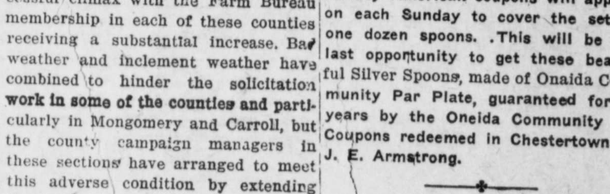

Reports reaching the State Farm Bureau office in Baltimore from the nine counties included in the membership campaign which has been in progress for last month, indicate a successful climax with the Farm Bureau membership in each of these counties receiving a substantial increase. Bad weather and inclement weather have combined to hinder the solicitation work in some of the counties and particularly in Mongomery and Carroll, but the county campaign managers in these sections have arranged to meet this adverse condition by extending the inspirational rallies, and meetings for another week in the hopes of reaching every farmer with the story of the Farm Bureau and its benefits to all farmers wheresoever located.

Movie Spoon Fans Attention! Sunday, December 13, the Baltimore American will run a four-spoon coupon for Mary Pickford, Norma Talmage, Marion Davis, Thomas Meighan, the first four-spoon in the Sunday Baltimore American Movie Star Spoon series. In the following two issues of the Sunday American coupons will appear on each Sunday to cover the set of one dozen spoons. This will be the last opportunity to get these beautiful Silver Spoons, made of Onaida Community Par Plate, guaranteed for 20 years by the Oneida Community Co. Coupons redeemed in Chestertown by J. E. Armstrong.

—Mr. Marion Dixon's Ford Sedan burned in the lot back of Massey and Wilmer's office on Monday evening. The local fire company extinguished the blaze.

WHEN you come to choosing the radio set you're going to buy, there is just one thing for you to listen to and that is the set itself. We could fill this whole newspaper with arguments in favor of Atwater Kent Receiving Sets and Radio Speakers—but the best argument is the set itself. Come in and listen to *it*.
