OH! MY BACK!

Aching Backs Make Life Miserable For Many Chestertown People

It isn't right to suffer day in and day out with dull, unceasing backache, Or be utterly miserable with sharp stabs of pain whenever you stoop or lift. But chances are you will suffer these tormenting aches and pains as long as your weakened kidneys are neglected. You may have headaches, too, spells of dizzziness and urinary disorders. Then use Doan's Pills—a stimulant diuretic to the kidneys. Experiences of Chestertown people prove the merit of Doan's.

W. R. Bowers, carpenter, 424 W Cannon St., Chestertown, says: "A cold settled in my kidneys and caused a constant, dull hurting in the small of my back. When I stooped or lifted anything, a sharp catch seized me and it was hard to straighten up. The kidney secretions passed too freely at night and I was subject to headaches and dizzy spells, too. After using Doan's Pills from Toulson's Drug Store, all symptoms of kidney trouble left and I have enjoyed good health ever since."

Quick Way to Stop Night Coughing

New Method Is Remarkably Effective

No need to put up with that distressing, weakening, sleep-robbing night cough another night. For there is a simple but very effective treatment which, usually with a single dose, stops all irritation and lets you sleep soundly the whole night through.

This treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the direct *cause* of night coughing. So the coughing stops quickly and you sleep all night undisturbed.

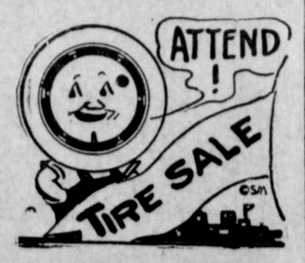

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for
