GOVERNOR RITCHIE A CANDIDATE TO SUCCEED HIMSELF

The announcement of Governor Albert C. Ritchie on Wednesday that he will be a candidate for the Governorship nomination in September, has put to rest all speculations at to "WHAT IS THE GOVERNOR GOING TO DO?" Governor Ritchie's two administrations, the second of which will come to a close in January, 1927, have so convinced the people of this state that he has given them a practical and good administration that they want to see him remain as the executive of this state. A number of former Governors have wished to succeed themselves as Governor of Maryland, but failed in this attempt, this shows that his administrations have been unusual due to fact that the Democratic party has requested him to seek a third term. Now that the Governor has made a formal announcement, we are glad to renew our endorsement of him made in our issue of December 19, 1925. We believe that he deserves it--we think he should have it. Governor Ritchie is what we term a progressive Democrat and we believe in progressiveness. Progress is advancement and we believe in advancement. Governor Ritchie is an outstanding figure not only in Maryland but nationally; he has attracted attention throughout the country by his addresses. He has proven himself a man of unusual ability, a man with ideas and not afraid to express them.

COMPTROLLER WILLIAM S. GORDY, JR., has withdrawn as a candidate for Governor and will become a candidate to succeed himself as Comptroller. It looks like Mr, Gordy will have no opposition.

ATTORNEY GENERAL ROBINSON and Clerk of the Court of Appeals Young, it is believed will succeed themselves without opposition, and it now looks as though the state ticket will be:

For Governor
ALBERT C. RITCHIE

For Comptroller
WILLIAM S. GORDY

For Attorney General
THOMAS H. ROBINSON

For Clerk of the Court of Appeals
JAMES A. YOUNG

HON. WILLIAM MILES MALOY who filed his papers some weeks ago as candidate for Governor, states that he will remain in the fight for the nomination.

McCORMICK DEERING TRACTOR DEMONSTRATION

A large number of farmers attended the McCormick Deering tractor demonstration at Jones & Satterfield show room last week. This demonstration consisted of a detailed account of all the working parts of the tractor, what their duty was and how they were made to meet the working conditions on the farm.

At noon coffee and sandwiches were served and in the afternoon moving pictures were shown of demonstrations of the tractor, the factory and how each part was made. This demonstration was given by experts from the factory who were thoroughly familiar with all parts of the machine. The show was very interesting and instructive and in spite of the bad weather a large number attended.

"THE BANK WHERE YOU FEEL AT HOME."

The problems of the average individual are the very homely every day, matter-of fact problems; the develoment of a proper sense of economic values and an appreciation of how to use their incomes successfully is not only in itself a great virtue but is perhaps the soundest foundation upon which can be built all the other virtues of life and citizenship. The National Thrift Committee in its 1926 budget book—commented on favorably by leading bankers as a most effective medium of helping men to master matters, contains a—

"Daily Dozen for Dollar Disorders" which comprises the foundation of the whole program. Each exercise is clearly understandable and. while every one might not be expected to become accomplished in all of them at a single try-out, taken gradually one at a time, the indivadual must surely attain economic health and happiness.

The financial "creed" includes the twelve points:

1—Earn all you can Honestly
2—Plan your spending Carefully
3—Spend for what you need Wisely
4—Record money transactions Accurately
5—Save a part of your pay Regularly
6—Consult your banker Frequently
7—Invest what you save safely
8—Protect your loved ones Adequately
9—Keep your credit established Firmly
10—Own your home Surely
11—Avoid waste Diligently
12—Give what you should Liberally
