Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

When it's your birthday—and celebrating friends flock in for the glad event—when happy thoughts and laughter fill all the house

—have a Camel!

WHEN your own birthday again has come. And well-wishing friends troop in with gay congratulation. When your festive halls resound with laughter and happy praise—then how fitting are those words, *"Have a Camel!"*

For no man has ever lived long enough to find a better, more friendly cigarette than Camel. Camel goodness grows more mellow, more joyous with every passing year. There's not a tired taste, not a cigaretty after-taste in a whole lifetime of Camels. Camels are rolled from the choicest tobaccos grown in all the world. Millions of experienced smokers have found in Camels such lasting contentment as they never hoped to find in a cigarette.

So this night as at your birthday festivities you revel in the sheerest joy this old world affords—taste then the fragrance, the goodness of the primest cigarette ever made. On this day of days you and your friends deserve the best.

Have a Camel!

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

R. J. Reynolds Tobacco Co.

Camels contain the very choicest tobaccos grown in all the world. Camels are blended by the world's most expert blenders. Nothing is too good for Camels. In the making of this one brand we concentrate the tobacco knowledge and skill of the largest organization of tobacco experts in the world. No other cigarette made is like Camels. They are the overwhelming choice of experienced smokers.
